

## Final BULLETINS

### Bruyeres Taken By U.S. Troops

LONDON (CP-Reuters)—U.S. troops have occupied Bruyeres, in the Vosges Mountains 12 miles east of Epinal, the German D.N.B. agency reported tonight.

### Air Delegates Named

OTTAWA (CP)—Prime Minister King announced today that Munitions Minister Howe, H. J. Symington, K.C., President of Trans-Canada Airlines, Montreal, and R. A. C. Henry, chairman of the Air Transport Board, Montreal, will be the Canadian delegates to the international conference on civil aviation opening in Chicago on Nov. 1.

### Montrealers Ask Standard Time Again

MONTREAL (CP)—Mayor Adhemar Raynault said today he had asked the city executive committee to "deal with a suggestion that Montreal go back to standard time Oct. 31."

If the suggestion were adopted, it was said Montreal would revert to Daylight Saving Time April 1.

### Polish Conference In Moscow Ends

LONDON (AP)—The Moscow radio announced tonight that conferences in the Soviet capital between the rival Polish factions from Lublin and London had been suspended without decision, but with "clarification of their respective points of view."

The radio said the conferences would be renewed "in the nearest future" after Premier Stanislaw Mikolajczyk confers with his cabinet in London.

### 2 Canadian Ships In Raid Off Norway

LONDON (CP)—British carrier-bomb aircraft bombed a German supply ship and set afire two anti-aircraft vessels off the Norwegian coast Sunday, it was announced tonight.

Two Canadian destroyers were among the escort warships, the Admiralty communique said. They were H.M.C.S. Algonquin, commanded by Lt.-Cmdr. D. W. Piers of Halifax, and H.M.C.S. Sioux, commanded by Lt.-Cmdr. E. E. G. Boak of Victoria.

### More Alberta Liquor

EDMONTON (CP)—J. A. King, chairman of the Alberta Liquor Control Board, announced today liquor permit-holders in the province will be allowed 26 ounces of hard liquor in November and December. This is double the amount ordinarily allowed. No increases will be given in wine and beer allowances, 26 ounces and 12 pints a month, respectively.

### 5,900 Prisoners Taken at Belgrade

LONDON (AP)—Russian troops which encircled German units southeast of Belgrade took 5,900 prisoners and captured a considerable amount of equipment, Moscow announced tonight.

The broadcast communique said the drive to clear the Germans from the Yugoslav capital was continuing with the help of Marshal Tito's Partisans.

Moscow said 11,000 Hungarians were captured in the area south of Debrecen between Oct. 13 and 18. A great amount of equipment, including 91 planes and 29 tanks, also was bagged.

### Liberator Explodes

BIRKENHEAD, Eng. (AP)—A B-24 Liberator exploded mysteriously at 6,500 feet altitude near Birkenhead today, crashed in three parts and killed 24 U.S. airmen.

Parts of the bomber narrowly missed persons who rushed from their homes at the sound of the explosion.

### C.C.L. Pledged To Avoid Strikes

QUEBEC (CP)—The Canadian Congress of Labor pledged itself this afternoon to "do all in its power to avoid strikes" and turned down a demand from a minority for a straight no-strike pledge.

The Congress at its fifth annual convention voted on the strike resolution after a brisk debate.

(See page 8 for report of debate.)

## British Men, U.S. Tanks in New Drive

### Rock Nazis Back In Meuse River Holland Salient

By ALEX H. SINGLETON  
LONDON (AP)—British Tommies and U.S. armor rocked the Germans back toward Venloo on the Maas (Meuse) from the Holland salient today in what appeared to be the preliminaries to an offensive aimed at breaking organized German resistance before Christmas.

West of Antwerp in Holland, Canadian forces were less than two miles from the German guns at Breskens commanding the sea entrance to the port from the pocket south of the Schelde, and Canadian Press war correspondent Ross Munro said German resistance in that area was "weakening rapidly."

In Aachen, U.S. 1st Army troops, again smashing German tank and infantry counter-thrusts northeast of the Siegfried Line point, held about half the wrecked city and smashed on into the northwestern quarter where fighters and fighter-bombers pin-pointed strongpoints ahead of bazooka and grenade squads.

### BACKS UP YANKS

The German radio declared the British offensive in east Holland, "in support of the American attack on Aachen, has increased in violence."

An Associated Press war correspondent with the British 2nd Army said Lt.-Gen. Dempsey's troops, striking swiftly after taking Venray, had advanced about 3½ miles south toward the railroad town of Amerongen. A U.S. armored column was converging at a distance of five miles on the same objective from the east.

The Germans had been eliminated from all but about seven square miles of territory west of the Maas, and the Allies were within 33 miles of Duisburg in the Ruhr.

Berlin said Dempsey had concentrated strong forces in the area to annihilate the Germans' Maas bridgehead—an objective which would straighten the line along the Dutch border in preparation for an Allied cross-river assault.

In a desperate effort to avoid being trapped on the west bank, the Germans apparently were falling back to the south toward Venloo as their comrades in the Venray-Amerongen area were pushed back.

Gen. Eisenhower's communique said Allied forces had advanced two miles south of the Venray-Deurne road and gains had been made from the west along the north side of the railway east of Deurne.

The German report on this sector said bitter hand-to-hand fighting was taking place east and northeast of Helmond, which the enemy has acknowledged evacuating. Helmond is five miles west of Deurne.

Inside shell-ripped Aachen the end appeared in sight.

### Protest Re-use Of Returned Men

EDMONTON (CP)—W. J. Williams, secretary-manager of the Edmonton Branch of the Canadian Legion, said today he had sent "strong protests" to Defence Minister Ralston against posting 18 Edmonton and district men overseas after their return to Canada on compassionate leave.

### FROM CALGARY

CALGARY (AP)—"We must again protest most vigorously against a system which permits untrained men to remain in Canada while others are forced to go back to the front line for a second time," declared A. W. Richmond, president of Calgary Branch No. 1, Canadian Legion.

He was commenting on a news story which told of a party of veteran fighting men leaving Calgary on their second trip overseas after returning to Canada on prisoner-of-war escort duty.

### 'I'll Buy a Few More Days!'

### Nazi Troops Still Tough Fighters Says Keller, Back in Canada

MONTREAL (CP)—Bearing the scars and honors of battle, Maj.-Gen. R. F. L. Keller, who led the Canadian 3rd Assault Division to the Normandy beaches, through Caen to the gates of Falaise, disclosed here today that the tactics which drew and held the main strength of the German army at that Canadian-British sector were vital to the success of the big Allied breakthrough on the right flank.

His left arm in a sling and walking with the aid of a cane, the hard-bitten soldier, home for further hospitalization, gave a graphic picture of the campaign up to the time he was wounded when supporting U.S. bombers misjudged a target.

As for the case of mistaken identity, the general gave a philosophical shrug and a smile and said: "This is a very big war and those things are bound to happen. We must run these small risks for the objectives are so much greater."

### PSYCHOLOGICAL PUSH

It was his opinion that the big push of Aug. 8 through Falaise was timed to give the Allies a psychological advantage, for it was the anniversary of the date in 1918 when the Canadians spearheaded the breakthrough at Amiens which the German soldier Ludendorff later described as the German army's black day—the first of the famous "last hundred days" of the First Great War.

He said the main strength and power of the German army was concentrated against the Canadian army and was held there by "our pressure tactics." While this strength was held up the Allied right wing plunged through a weaker opposition. "Then when the enemy realized his mistake he sent too little reinforcements too late to the U.S. front and that gave us the chance and we broke through."

The general had heard of optimistic reports on the battles in Europe. "If you saw the type of men we've got to lick yet before victory I think the ardor of the general public would be more conservative," he said.

He told of the German army's custom of putting its nondescript troops drawn from conquered nations as a sandwich between the tough S.S. divisions and the Allies. "Then these poor men,

who have no heart for the fight, have no choice but to keep firing at us."

Gen. Keller then spoke of reinforcements. He said he had found them "well trained, fit and extremely ready for battle." He praised the efficient supply system which saw morning casualties replaced that afternoon by reinforcements. "This fact of having the new troops arrive on time is an important factor in our success."

He said the Germans had a superiority in mortar range but in every other department the Allies excelled.

Winnipeg and Regina regiments had lost snipers in the early part of the campaign and their precision rifles had gone with them. He had supplied new snipers with captured German rifles, but "our men didn't use them as they said their own rifles were better."

The general had praise for the French-Canadian Chaudiere Regiment, which he said put more fear into the Germans than any other Canadian outfit.

Gen. Keller is about to make a tour of Canadian cities in the interests of the 7th Victory Loan campaign.

He expects to reach Vancouver Nov. 1.

### Germans Report Russians Well Inside E. Prussia

LONDON (CP)—Russian forces backed by 50 tanks have penetrated well into East Prussia, where the German border town of Eydtkuhnen has been evacuated, the Berlin radio said today.

"The deepest Russian penetration" was in the Eydtkuhnen area 37 miles east of Insterburg and the Red Army has passed this town, Berlin said. "The Russians have advanced farther on German soil."

The German communique acknowledged loss of the town, but insisted a breakthrough had been averted.

Tremendous infantry and tank forces were being hurled against the homeland of the Junker generals to "achieve a grand scale breakthrough at all costs," the enemy said.

The front was widened from 30 to 45 miles overnight with the Russians extending their attacks to the area of Suwalki, centre of a triangle which Hitler annexed from Poland to East Prussia in 1939.

### NAZI ADMISSION

Berlin tacitly acknowledged in Wednesday's communique that the great new Russian offensive had plunged across the East Prussian border and reached another frontier town of Schirwindt, nine miles northeast of Eydtkuhnen. Moscow has not yet announced the drive.

Eydtkuhnen is 37 miles east of the major Prussian rail centre of Insterburg on the trunk highway and railroad from Kaunas, Lithuania. It is 87 miles east of Koenigsberg, capital of East Prussia and a German submarine training station. Eydtkuhnen is a town of about 5,000 and the first German settlement which the enemy has abandoned in the east.

"The battle is rising in intensity and taking on greater proportions," the Berlin radio said. "The Russians have brought up most of their forces from Finland and Estonia and flung them into the fray."

### HELD AT WARSAW

Germany announced the East Prussia offensive three days ago. The most eastern German province is menaced on the north, east and southeast by Russian army groups, and Berlin has said repeatedly that the grand Russian strategy is to drive through to the west of East Prussia to the former free city of Danzig, cutting off the entire province. Russian armies which might strike in that direction, however, have been pinned down on the Narva River north of Warsaw since summer.

### Wide Fruit Losses In Florida Hurricane

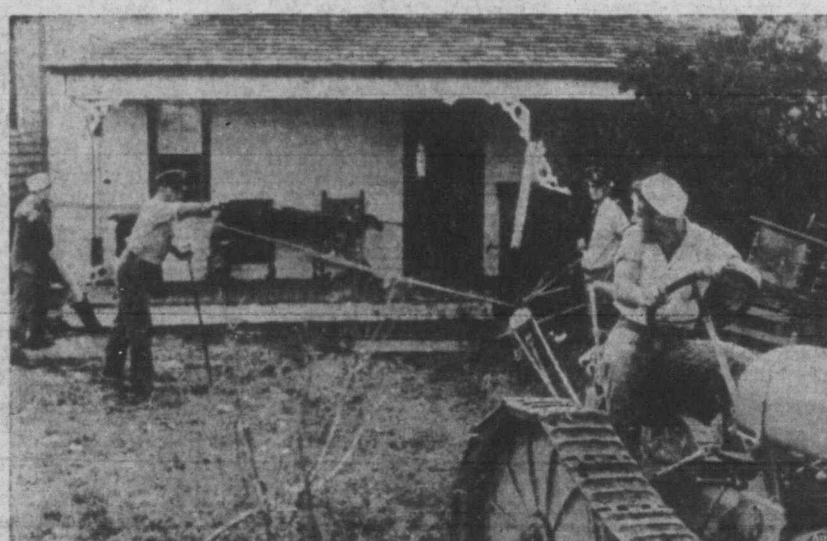

JACKSONVILLE, Fla. (AP)—A Caribbean hurricane blew up the Florida peninsula toward this city and the Atlantic Ocean today after striking inland at dawn from the Gulf of Mexico in the populous Sarasota-Tampa-St. Petersburg area.

No casualties were reported as the storm swept across the citrus-growing area of the state. Florida's damage was slight compared with that of western Cuba, where the storm hit Wednesday, causing at least seven deaths, injuries to between 300 and 400 persons, and immense property damage.

Heavy damage to Florida's citrus crop was reported by Gaynor Wiggins of Orlando, who estimated the loss to citrus growers might run as high as \$20,000,000. He declared there were possibly 10,000,000 boxes of fruit on the ground.

### Press Strike Ends

SYDNEY (CP)—A dispute which left this Australian city virtually without a newspaper for 13 days ended today. Two evening newspapers will resume publication Friday and two morning papers Saturday.

MOVING DAY DOWN SOUTH—U.S. coastguardsmen of Big Kinakeet Lifeboat Station at Avon, N.C., use a tractor to return to their foundations some 100 homes moved by a recent hurricane. Above, Chief Boatswain's Mate Alvin Price directs the return of his own house, which had been blown several hundred yards from its proper site.

## New Task Force Organized After Formosa Raids

SAN FRANCISCO (AP)—U.S. Expeditionary Forces are invading the Philippines, Tokyo radio reported today, striking at the centre of the vulnerable eastern flank of the Archipelago.

The Domei agency said flatly that U.S. forces had begun their "reinvansion of the Philippines," supported by powerful units of the Pacific Fleet and China-based aircraft.

Sea forces, Domei said, included "the naval fleet under the command of Gen. Douglas MacArthur."

An official Japanese communique said "the enemy fleet" accompanied transports into sparsely Leyte Gulf Tuesday (Manila time) and for the last two days naval guns and carrier aircraft have been bombarding shore defenses.

"Part of the enemy forces seem to have lagged on Suluan Island" at the entrance to the gulf, Domei said.

Domei asserted Vice-Admiral Marc A. Mitscher's Task Force 58—the carrier arm of the U.S. Pacific Fleet—was not participating in the invasion because of asserted losses suffered off Formosa. These have been denied in Pearl Harbor announcements.

### 'NEW FORCE FORMED'

Since the Formosa battle, Domei broadcast: "The enemy has organized a new large task force."

While there was no Allied confirmation that the Philippine invasion was at last under way, the combined Pacific sea forces of Admiral Nimitz and land-based air strength of Gen. MacArthur have been paving the way for reconquest of the territory in 10 days of unprecedented raids on western Pacific islands for 1,000 miles either side of the Philippines.

These thunderous attacks, which have cost the Japanese almost 1,000 planes and hundreds of ships are still continuing, Manila radio reported. It told of 270 carrier planes striking in four waves this morning at Manila and strategic Clark Field. The Japanese-controlled radio claimed 19 were shot down.

The unconfirmed Tokyo announcements indicated that a powerful task group of Admiral

William F. Halsey's 3rd fleet combined with the Southwest Pacific naval forces steamed into Leyte Gulf in the central Philippines to screen an amphibious landing on tiny Suluan Island, and perhaps some of the other islands bordering the gulf. (See arrow on map above.)

### NEARER MANILA

The area, only 400 miles from Manila, is an ideal spot from which to establish aerial control of the islands and completely nullify air bases that carrier planes have not already knocked out.

A two-day delay in the Japanese announcement of a drive into the central Philippines would indicate that defensive forces were taken completely by surprise.

Leyte is one of the larger central Philippine islands lying midway between Mindanao and Luzon.

Leyte Gulf is an arm of the Pacific Ocean lying almost in the centre of the eastern side of the Philippine archipelago.

The gulf, about 380 miles from Manila, is surrounded by high coasts with good natural harbors. It is bounded on the north by Samar, on the west by Leyte Island, while a number of smaller islands form the southern side.

### British Clean Japs Out of Tiddim Base

KANDY, Ceylon (CP)—British troops advancing into western Burma have captured the Japanese base at Tiddim, from which enemy forces launched their abortive invasion of India early this year, Allied Headquarters announced today.

The British 14th Army had been closing in slowly on Tiddim for several weeks after pursuing the retreating Japanese 100 miles southward from Imphal in northeastern Burma, which the enemy attempted unsuccessfully to seize.

The fate of the Tiddim garrison was not immediately disclosed. Small British forces, however, have been reported operating along the Japanese escape route to the south after filtering through the jungles.

## Y.M.C.A. Membership Increases This Year

A total of 330 members have been enrolled in the Y.M.C.A. to date during the membership drive, it was reported at a meeting of the membership committee Wednesday evening. W. G. Straith, M.L.A., was chairman of the meeting.

A total of 199 new members were reported at Wednesday's meeting, to bring the total up to the present mark. In fees \$1.129 were brought in, making a total of \$2,340 to date.

This figure is up considerably over last year, secretary Frank Paulding said, and equals the final total. He anticipates a large increase in membership when the drive closes next week.

The final membership committee meeting will be held next Wednesday at 5.15 in the Y.M.C.A.

## 8th Army Forces New Bridgehead Over Pisciatello

ROME (CP)—The British 8th Army forced a bridgehead across the Pisciatello River north of the Rimini-Bologna road in the Adriatic sector, while Allied 5th Army troops took several more peaks and villages along the southern approaches to Bologna, today's Allied communiqué said.

The bridgehead, east of the important road junction of Cesena, was gained against strong German opposition.

The communiqué did not specify which units of the 8th Army established it, but an earlier front dispatch from Canadian Press war correspondent Bill Boss said Canadian and New Zealand troops were deployed along the Pisciatello River, facing strongly entrenched enemy forces.

In the foothills south of Cesena, Indian troops captured Acquarola and Roversano.

## BITTER FIGHTING

Fighting bitterly against reinforced German troops, U.S. infantrymen established themselves at San Clemente on a subsidiary road to the Bologna-Rimini highway, nine miles from Castel San Pietro.

Other 5th Army units took Vaglie to the west and entered Castel Vecchio, about 2½ miles northwest of San Clemente, while infantry carried new positions on Highway 65—the main road to Bologna north from Florence.

The communiqué said "very heavy fighting" continued on the southern slopes of Monte Belmonte in the Highway 65 area. South African troops on the left flank of this sector captured Monte Pezza.

Other U.S. infantry captured Mount Castiglione, an important height overlooking the west coast main highway.

## Aircrew Graduates

Forty-four B.C. men, recent aircrew graduates, include: E. G. Bennett, Nanaimo; C. B. Stewart, Duncan, and R. M. Taylor, Erington, from 5 A.O.S., Winnipeg; F. B. Nielson, Victoria, and J. D. Roney, Duncan, navigators from A.O.S., Portage La Prairie, Man.; F. P. Steele, Victoria, pilot from 4 S.F.T.S., Saskatoon; K. E. King, Victoria, air bomber, from 5 A.O.S., Winnipeg; K. K. Stevens, Ladysmith, and P. G. Thomas, Courtenay, air gunners from 3 B. and G. School, Lethbridge, Alta.

## \$25,000,000 Needed For Alberta Housing

EDMONTON (CP)—A complete solution of the housing shortage in Alberta would need a plan realizing about \$25,000,000, Attorney-General Lucien Maynard said in a question period following an address to members of the Edmonton Junior Chamber of Commerce Wednesday night. He spoke on the province's proposed \$10,000,000 housing scheme.

## ANNOUNCEMENTS

A listing of your property with Pemberton, Holmes Ltd., 625 Fort Street, G 8124, will be welcomed by them.

Appeal for prizes, value 10 cents to 25 cents, suitable for children or adults, superfluties, novelties and promises of home cooking for Chinese Bazaar, Saturday, Nov. 4. Committee for Medical Aid for China, 737 Pandora, E 4725.

860 YATES (Near Quadra)

TAKE IT EASY LAD—It is no joke when a soldier goes scouting in enemy occupied territory. Here is Scout Sgt. H. A. Marshall, Calgary, advancing into enemy held ground while his corporal, S. Kormendy, Clyde, Alta., covers his movements ready to fire on sight. This picture was taken in Belgium.

PADRE X PRISONER—From a German prison camp comes this photograph of the heroic padre, Capt. John Foote, the "Padre X", left, who scaled the cliffs of Dieppe with his men. Later, on a barge departing to safety, he suddenly leaped to his feet and shouted: "I am going back—there are enough padres in England. Our fellows left behind will need help." Leaping overboard, he swam to the Dieppe beach under terrific gunfire. With him is CMS. E. K. "Tony" Anthony of the Royal Regiment of Toronto, who sent the snap to a friend.

## 2 Deputy Ministers Named at Ottawa

OTTAWA (CP)—Prime Minister King announced today appointment of deputy ministers for the new departments of Reconstruction and Veterans' Affairs, and new posts for several other government officials.

The departmental appointments are:—

R. A. C. Henry of Montreal, chairman of the Air Transport Board, will be Deputy Minister of Reconstruction.

Walter S. Woods of Ottawa, Assistant Deputy Minister of the former Department of Pensions and National Health, will be Deputy Minister of Veterans' Affairs.

Mr. King's announcement made no mention of an appointee for the post of deputy minister of the third new government department—health and social welfare. There has been speculation that the appointment will go to Dr. George F. Davidson of Ottawa, executive director of the Canadian Welfare Council, who formerly was director of social welfare for British Columbia, with headquarters in Victoria.

The Prime Minister also announced these additional appointments:—

Dr. R. E. Wodehouse, former Deputy Minister of Pensions and National Health, becomes a member of the Canadian Pension Commission.

J. Walter McKee, former Assistant Deputy Minister of Pensions and National Health, becomes a member of the War Veterans' Allowance Board.

John Baldwin, senior assistant secretary, Privy Council office, becomes secretary of the Cabinet Reconstruction Committee.

Gardeners may now buy walnut-sized cases of mantis eggs which they hang on bushes near the garden to hatch; the mantis destroys large numbers of other insects, harmful varieties, and they constitute the sole food of this beneficial insect.

## Merriman Round-up...

B.C. COMMAND, Canadian Legion, quotes figures of contribution by provinces to the armed forces to show Quebec has given hardly more than half of its due proportion of men eligible for service. Nova Scotia with an enlistment of 56,128 of its 123,000 of military age has a percentage of 48.6; British Columbia, 44.4; New Brunswick, 43.6; Manitoba, 43.5; Ontario, 43.3; Alberta, 40.1; Saskatchewan, 39.9; Prince Edward Island, 38.4.

Quebec, after five years of war, in a class by itself, comes far behind with a total of 154,503 of its 699,000 men of military age enlisted in the military forces of Canada—a percentage of only 22.1.

THOUGH millions will see Sonja Henie's picture, "It's a Pleasure," biggest problem during the taking of the picture was getting an audience to watch her skate. Extras are scarce and the casting office could not get enough people to fill the grandstand. Assistant directors went on the street and pleaded with people to go inside and get paid \$11.50 a day for watching Sonja skate. Evidently there are some very rich as well as some very poor in Dublin. Eire Department of Agriculture report, received in Victoria, shows strawberries sold at \$3 a pound, apples \$2.50 for 14 pounds, and dessert apples as high as \$2.40 for 112 pounds. If anyone has a cure for ants, L. Froliek of Gibsons Landing would like to get it. "I tried one of those ant traps," he writes, "but the ants all walked by with their noses in the air and a haughty look like that of a society lady walking by a beer parlor."

## 3 Dockyard Workers Face Fraud Charges

Charges of conspiring to defraud the Dominion Government were read against three H.M.C. Dockyard civilian workmen in Esquimalt court today.

Bernard Howard, already awaiting trial on 25 charges of forging government documents, was jointly charged with Fred Rough on five counts. One charge was read against Clement H. Davies and Rough.

Ball for Howard on the new charges was set at \$1,000. He had been released on \$3,000 bail in the forgery charges. Magistrate H. C. Hall set bail for Rough and Davies at \$2,000.

No aunts were mentioned in the indictments.

P. J. Sinnott appeared for Davies and Rough, Howard is represented by A. Brethour. G. H. Sedger is prosecuting.

The arrests were made Wednesday night by Sgt. G. Stancombe and Constable J. K. Smart of the Esquimalt police on warrants sworn by Constable J. E. Banks of the R.C.M.P.

All charges were remanded until Monday afternoon without plea or election.

## Refute Dewey's Charge On Romanian Peace

WASHINGTON (AP)—The U.S. State Department said today in a statement prompted by Governor Thomas E. Dewey's foreign policy speech Wednesday night that the U.S. Government had participated "at all stages" in Romanian armistice negotiations.

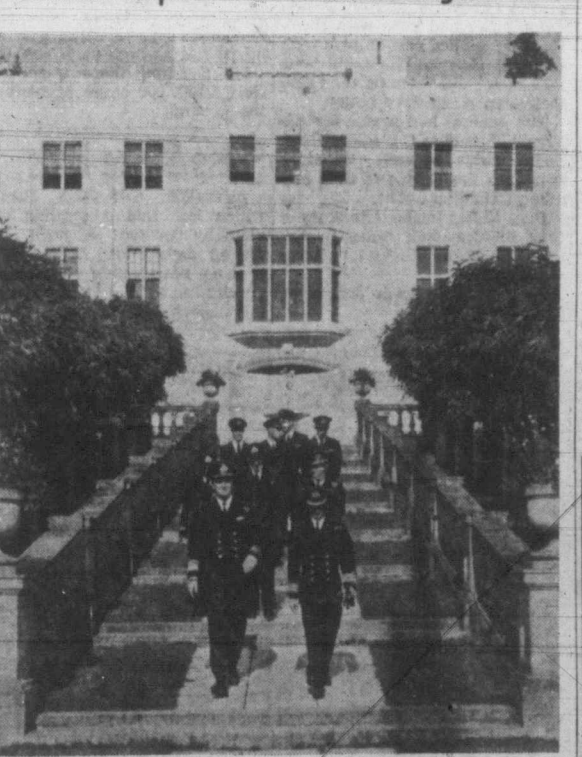

The statement also described the Romanian armistice as "a military document and not a peace settlement" and said for that reason that it had been signed on behalf of the U.S., Britain and Russia by the Soviet theatre commander, Marshal Rodion Y. Malinovsky.

## Saskatchewan Flier Youngest Group Capt.

LONDON (CP)—Twenty-two-year-old A. F. Avant, D.F.C., of Hughton, Sask., today became what is believed to be the youngest commander of a bomber group station with an R.C.A.F. announcement that he was placed in command of a heavy conversion unit. The appointment also brought promotion in rank from wing commander to group captain.

Avant suffered back injuries in a recent flying accident, but now is fully recovered.

## Admiral Inspects Naval College

Vice-Admiral G. C. Jones, C.B., R.C.N., chief of naval staff, Ottawa, accompanied by Rear-Admiral Victor G. Brodeur, C.B.E., R.C.N., Wednesday visited the Royal Canadian Naval College, inspected the cadets, spoke briefly to them, complimented them on the smart turnout. He is shown at the left with Capt. J. M. Grant, R.C.N., descending the steps leading to the cadet block.

## Social Legislation In Saskatchewan Speech From Throne

REGINA (CP)—Establishment of a postwar reconstruction fund for financing housing, rural electrification and industrial development was among legislation forecast this afternoon in the Throne Speech at the opening of the first session of the 10th Saskatchewan Legislature.

Implementation of legislation to meet the needs of postwar society, to improve the economic security of workers and recognize social enterprise in the economic life of communities also was promised.

The Throne Speech—the first since the election of Canada's first C.C.F. administration—was read by Chief Justice W. M. Martin, administrator, acting on behalf of Lieutenant-Governor A. P. McNab.

## PROVINCE'S RESOURCES

Every constitutional and financial power will be used to prevent exploitation of resources, the speech said. "When enterprises that should be properly recognized as public utilities are being operated by private interests to the detriment of the general welfare of the people, then it becomes the duty of the government to make sure these enterprises are conducted to yield the maximum benefit to the entire community. It is the policy of my government to achieve these ends by every constitutional and financial power at its disposal."

## NEW REVENUE SOURCE

The speech brought forward one new source of provincial tax revenue. A mineral taxation act will be introduced to provide for the levying of a provincial tax on all mineral rights which in the past have been alienated from the Crown and now are privately owned.

Legislation mentioned included: 1. A collective bargaining bill designed to guarantee freedom of association among workers, provide protection against unfair prices, guarantee workers' rights to bargain collectively and provide for enforcement of agreements.

2. A farm security act prohibiting action from a mortgaged farm home of 160 acres, and a crop failure clause. The crop failure legislation "will make it mandatory for the mortgagee to share crop failure risks with the farmer."

3. A vacation with pay bill.

4. A bill empowering the government to enter the insurance business.

## TEACHERS' PAY BOOST

5. A bill asking for an increase in the minimum salary paid to teachers.

6. Amendments to the Child Welfare Act, the Old Age Pensions Act, the Education of Blind and Deaf Children Act to enable the government to give increased aid to persons affected by these acts.

7. Provision for free hospitalization and care for mentally incompetent persons and free medical care to old age and blind pensioners and children and women in receipt of mothers' allowances.

The speech also said an economic advisory committee would be established. It will make inquiries and advise the government in establishing a planned type of economy for the province.

"To secure increased efficiency in the operation of government affairs," said the speech, "legislation will also be introduced for establishing a purchasing agency. All government purchases will be centralized."

Three new departments will be established—social welfare, labor, and co-operatives and co-operative industrial development.

St. Mark's parishioners will meet in the hall Thursday evening at 8, when a presentation will be made to Rev. O. Jull who is leaving the parish.

B vitamins help keep you fit Can you see the B vitamins?

To help assure sufficient B vitamins for good health, thousands are baking with Kitchen Craft Vitamin B White Flour. Milled by a new process, it keeps in most of the B vitamins of the whole grain. Gives you 5 times more vitamin B (thiamine) than pre-war white flour. More niacin and riboflavin too.

You can't actually see the vitamins but foods baked with this vitamin B flour have a different color. They are creamy-white inside, not chalky white. This more appetizing color is largely due to the vitamin B-rich parts of the whole grain that are kept in this remarkable white flour.

ALL OVER WESTERN CANADA women are enthusiastic about Kitchen Craft Vitamin B White Flour. This top quality all purpose flour gives perfect baking results every time in all your regular white flour recipes. And every pound contains at least 400 International Units of vitamin B1 in addition to other natural B-complex vitamins.

Unless Kitchen Craft Vitamin B White Flour pleases you in every way, we want you to return the unused portion to your grocer and get all your money back... at SAFEWAY.

## Antwerp, Warsaw Seen As Keys To Allied Strategy

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — The possibility of victory in Europe this year will very likely be decided by the speed with which Allied armies can turn to their own use the two great strategic keys to Hitler's fortress Germany—the Belgian port city of Antwerp and Poland's devastated capital, Warsaw.  
Full use of the unloading facilities of Antwerp could solve much of the western front supply problem and support a crushing thrust into Germany over the shortest, best route to Berlin.  
Antwerp is in Allied hands, but enemy guns in the Schelde pocket still dominate its approaches, barring the way to shipping. Clearing those approaches is conceded by military men here to be one of the top-priority jobs on the western front.

Unless the Canadians can clear the way to Antwerp promptly, it appears highly improbable the Allies can muster full strength against all the enemy's vulnerable points for multiple heavy blows this fall.  
This would sharply limit what appears to be the grand strategy for a 1944 victory in Europe—final twin offensives by the Russians in the east and the Allied forces in the west before winter closes in.

## House to Continue

LONDON (CP-Reuters) — A bill to extend the duration of the present Parliament for another year was given a formal first reading in the House of Commons Wednesday.  
Under it Parliament's life will be prolonged into its 10th year, the longest Parliament since the one dissolved in 1679, which lasted 18 years.

## Ex-Count Nazi Spy

Wilhelm Albrecht von Preussing, 44, a former German count, has been sentenced to 29 years in prison as a foreign spy. The ex-count, who is a naturalized U.S. citizen, pleaded guilty to a charge of sending vital information to Germany concerning national defense. Von Rautter escaped the death penalty, Judge Grover M. Moscovitz explained, "only because that might mean that revenge would be meted out to American citizens in Germany."

## Vancouver Prodigy Gets 'Quiz Kid' Offer

VANCOUVER (CP) — Fern Turnly, Vancouver child whose ability to spell and read interested John Levenson, program director of the "Quiz Kids" during a trial bout with the professional prodigies in Seattle five weeks ago, has received an invitation to join the radio program in Chicago, her father, Francis R. Turnly said.  
Mr. Turnly met Mayor J. W. Cornett today in an effort to secure public support for the trip to Chicago. The child has learned to read and write by a pedagogic system developed by her father.

## Robot Hits Town: Heavy Casualties

LONDON (CP) — Heavy casualties were reported today in a small town in southern England which suffered one of its worst blows of the war as the Germans continued their flying-bomb attacks for the eighth successive night.  
An entire row of houses in the community was destroyed by a robot.  
Flying bombs also fell in other scattered areas.

## Denies C.C.F. Packed Rehabilitation Group

VANCOUVER (CP) — Denying allegation that the Vancouver Island Joint Labor Conference withdrew from the continuation committee of the island's regional rehabilitation conference because of objections to C.C.F. predominance among committee members, Harold Winch, C.C.F. provincial leader, charged Wednesday that "somebody is playing politics."  
"The C.C.F. have never packed any conference yet," Mr. Winch declared.  
"Persons were there by direct invitation of the conference or were delegates from invited bodies."

"A majority of the delegates there apparently favored the C.C.F. delegates' constructive suggestions and elected the C.C.F. members to the continuation committee," he added.  
Commenting on the report that 35 of the 50 delegates at the week-end conference were of the C.C.F. party or supporters he remarked that it only indicated that the C.C.F. has "an awful lot of supporters on the island."  
C. W. Marshall, convention chairman and president of the joint labor conference, and five other executive members of the committee resigned Tuesday, contending the final session of the conference had been subjected to undue C.C.F. influence.

## Vancouver Banker Innocent of Perjury

VANCOUVER (CP) — A perjury charge against Stanley Hope Ewing, bank branch manager, was dismissed in county court here Wednesday. Ewing was charged in connection with evidence he gave at a trial in 1938, when C. H. Cahan, former B.C. lawyer, was convicted of robbery.  
"It sounds as though we've been going on a fishing trip," said Judge Bruce Boyd. "I wouldn't hang a dog on that evidence. It seems a pity a decent business man would be put in jeopardy like this. I discharge him."

The abrupt ending of the trial came when the prosecution finished its case. Neither counsel for the accused nor Ewing was called on.  
Cahan was sentenced February 5, 1938, to seven years in the penitentiary for robbing a Canadian Bank of Commerce branch in Vancouver of \$89,000. In the bank at the time were Ewing, A. J. Bird and R. D. Wood. Information leading to Cahan's arrest was given by William Gordon, hardware dealer.  
Cahan, identified at his trial by Ewing, maintains his identity was unknown to the bank manager before that. Gordon testified he phoned Ewing Dec. 1, the day of the crime, and told him Cahan was the robber.

## Dewey Criticizes Personal Diplomacy

NEW YORK (AP) — Assailing what he called President Roosevelt's "personal secret diplomacy," Governor Thomas E. Dewey Wednesday night asserted the absence of any official plan for Germany had incited Propaganda Minister Goebbels to "terrify the Germans into fanatical resistance."  
"They are fighting with the frenzy of despair," he said in a broadcast address. "We are paying in blood for our failure to have ready an intelligent program for dealing with invaded Germany."  
The Republican presidential nominee said Mr. Roosevelt had failed to obtain Russian recognition of the Polish government-in-London, although he "undertook to handle this matter personally and secretly with Mr. Stalin."

Citing also the cases of Italy, which he said is receiving an "inefficient, inefficient administration" by New Deal agencies, France and Romania, the New York governor said:  
"If we are to be successful in our future labors to bring about lasting peace, they cannot be the property of one party or one man....  
"I am equally convinced that to the extent that we leave our international relations to the personal secret diplomacy of the President, our efforts to achieve a lasting peace will fail."  
Mr. Dewey, who came here from Albany for his second foreign affairs speech of the election campaign, addressed the New York Herald Tribune's annual forum on current events.

## Son of Earl Court-Martialed

LONDON (CP) — The war office disclosed Wednesday that Capt. Wm. Douglas Home, 32, of Royal Armored Corps, had been court-martialed in Belgium for refusing to obey a lawful command. The court's findings will be announced later. Son of the Earl of Home, he was educated at Eton and Oxford.  
Last month a letter written by Capt. Home was published in a Maidenhead newspaper, telling why he "refused to fight."  
"When ordered to attack Le Havre," he wrote, "I refused to do so because, rightly or wrongly, I could not bring myself to take part in an operation against troops who admittedly did not want to fight but whose commander refused to accept 'unconditional surrender'."

## Build B.C. Payrolls

Members of the Canadian army mission in the Pacific have already taken part in many of the island-hopping operations and the experience they are gathering will be passed along to the Canadian contingent when it arrives.  
Closed were three Kelsey-Hayes Wheel Co. plants with 6,500 employees idle and the production of aircraft engine parts, amphibious tank parts, machine guns and other war equipment halted. The strikes were precipitated by wage disputes.

## Workers Return

DETROIT (AP) — Production of axles for military trucks was resumed in the Timken Detroit Axle Co. plants today as 7,500 workers returned to their jobs after a five-day strike, but approximately 8,000 employees of several other Detroit area war plants continued strikes begun Tuesday.  
Closed were three Kelsey-Hayes Wheel Co. plants with 6,500 employees idle and the production of aircraft engine parts, amphibious tank parts, machine guns and other war equipment halted. The strikes were precipitated by wage disputes.

## Pacific Milk

One of the War Difficulties  
"I read in the papers of large stocks of evaporated milk, but we can not get it. I use Pacific Milk all the time and my supply is greatly cut down. Have you any suggestion?"  
Sorry, Mrs. H., we haven't. We sincerely appreciate your interest and your letter. All we can say is the government has many war difficulties.

## Capt. E. R. Mainguy Commands Canada's First Heavy Ship

By JACK BRAYLEY  
OTTAWA (CP) — Canada's first cruiser of this war — the medium cruiser Uganda — will be commissioned at a United States navy yard Saturday, Trafalgar Day, adding a wallop to the country's offensive role in the Pacific theatre.

The Uganda, named for the African protectorate, probably will be assigned to strike at the Japanese as soon as the war with Germany is over.  
Hon. Leighton McCarthy, Canadian Ambassador to the U.S., will deliver an address and Vice-Admiral George C. Jones, Chief of the Canadian Naval Staff, will be present.  
The honor of commanding the navy's first heavy ship goes to Capt. E. R. Mainguy of Duncan, B.C., former chief of naval personnel at Headquarters here and before that commander of the destroyers Assiniboine and Ottawa.

The taking over of the modern British cruiser, under a mutual-aid-in-reverse policy, marks a new stage in Canadian naval development with emphasis on offensive equipment. Navy Minister Macdonald has announced the Uganda will be joined by at least one other cruiser and has indicated Canada may shortly have three aircraft carriers.

## Names of Provinces

The other cruisers will bear names of provinces, but the Uganda, reconditioned at the United States navy yard, will hold the name which has already won her battle honors with the British navy, she was equipped by the protectorate and the Canadian navy is keen on retaining the emerald link.

The first trained personnel for a distinctive Canadian naval air arm were recently graduated from the Collins Bay, Ont., Flying School.  
The Uganda and the big ships that will some day join her will have the hard-hitting fleet of Tribal class destroyers to run interference on their flanks for the forthcoming offensive action against the Japanese. It has been estimated that a quarter of Canada's naval personnel and 350 of her fighting ships may be engaged in the Pacific.

## Use Escort Ships

There will be a Pacific role, too, for the tough fleet of escort ships which made the Canadian navy such a powerful defence factor during the grim early days of the Battle of the Atlantic.  
In connection with the Pacific theatre no official hint has been given as to the nature and size of Canada's share of responsibility there. It has been announced that Canadian airmen will serve on a voluntary basis in distinctive Canadian squadrons and it is indicated this rule may also apply to the army, which may send fewer than two divisions.  
Air-Vice-Marshal L. F. Stevenson of Vancouver, now is in the southwest Pacific making preparations for the arrival of the first Canadian squadrons. However, it is reported here that he may not take over the theatre command, which is more likely to go to Air Marshal L. S. Breadner, R.C.A.F. overseas chief.

Members of the Canadian army mission in the Pacific have already taken part in many of the island-hopping operations and the experience they are gathering will be passed along to the Canadian contingent when it arrives.

## Employment Needs Met If Price Level Kept, Says Gordon

QUEBEC (CP) — Donald Gordon, Prices Board chairman, said today in an address to the Canadian Congress of Labor Convention here that Canadians will not be able to meet the employment needs of the transition period if prices get out of hand now, "or over the next critical year or two."  
In the reconversion period already begun, prices must be prevented from rising so the urban worker and the farmer can buy better housing and more consumer goods and services, and so that Canada can get into and hold expanded export markets.  
"If we can get volume production, Canada will enjoy a high level of employment," Mr. Gordon said. "And if employment is well maintained I am sure that organized labor will look after the question of wage rates."

When inflation developed, wages trailed behind prices and labor lost out. Counting the armed forces, 5,000,000 Canadians were at work today, about 1,250,000 more than in 1939. The labor "potential" after the war would be roughly 1,000,000 more than the prewar total. To take up the slack caused by the decline in war contracts, labor and management must think in terms of mass markets to provide plenty of jobs at decent wages.  
Goods which have not been produced since 1941 and which now are returning to the market will be priced at their 1941 prices.  
"After all, 1941 was not a depressed year," Mr. Gordon said. "There had been two years of war and most prices had been adjusted for increasing costs up to that date, and after that the price ceiling has held most costs in line."

It was impossible to give the assurance that all merchandise would be maintained at 1941 standards of value. But the Prices Board was making every effort to check on quality and had set up a standards division.

## Anglo-U.S. Baby Flying Atlantic

LONDON (CP-Reuters) — A baby girl born out of wedlock left London Wednesday night for a northern airport, from which she will be flown, by orders of President Roosevelt, across the Atlantic to a new home in the United States.  
Only a few people know the baby's name or are aware that she is the offspring of a U.S. soldier and an English girl from Liverpool.  
After the baby was born, the father was killed in France. His parents in the U.S. expressed a desire to adopt the baby themselves and bring her up in the United States.

They wrote the War Department at Washington, but were told there seemed to be no provision in the army regulations to cover such a situation.  
So they appealed to President Roosevelt, and as a result of his intervention arrangements were made for the baby to be taken to U.S. by air and delivered to the parents.

## Baled Hay Prices Set

OTTAWA (CP) — Ceiling prices on hay grown and sold in Ontario, Quebec and the Maritime Provinces have been set by the Prices Board in an order effective Oct. 20, it was announced today.  
The new order fixes a basic maximum price for growers and shippers of \$18 a ton for baled hay loaded on cars at the shipping point nearest the area of production.

Because of its alkaline reaction and gaseous nature, ammonia gas was called "volatile alkali" by earlier chemists.

#### ANTWERP'S SIGNIFICANCE

REPORTS THAT GENERAL EISENHOWER is building up mountains of supplies preparatory for what is euphemistically termed an all-out assault against the Siegfried Line—obviously to take advantage of the initial and hard-won victory at Aachen—will prove correct before the war is much older. But it is one thing to be able to command all the supplies that are necessary for such an undertaking and an entirely different matter to be able to get them to the point from which they may be used to the fullest possible advantage. For this reason, of course, particular interest centres on the operations of the Canadian forces in the general area of the Schelde estuary. Their main object is to remove such enemy resistance as at present prevents the free use of the river on the 40-mile stretch from the North Sea to Antwerp.

Six weeks have elapsed since this vital maritime gateway to continental Europe fell to Canadian and British forces. Possession of it took on still more importance because the enemy had been compelled to withdraw before he had had time to damage its huge and extremely valuable port installations and facilities with which sea-going captains of every nationality are thoroughly familiar. In other words, Antwerp is intact, and it is this uncomfortable knowledge which is encouraging the Nazi high command to hold on to as many of its western approaches—on the coast and inland—as long and as tenaciously as human endurance will permit. The precarious nature of their task, not forgetting the difficulties which the Canadians yet have to surmount, is reflected by the successful, if slow, operations of General Crerar's men.

Once Antwerp can be used by the Allies, it will be possible for large ocean-going vessels and a host of smaller craft to disgorge supplies of all kinds, and from then on one of General Eisenhower's main problems will have been solved. Ports on the French coast already in use, of course, are receiving huge consignments of war's paraphernalia every day. But all this must perforce travel overland in trucks and over such railways as have been put into service after months of heavy poundings by British, Canadian and American air forces.

The outcome of the Battle of the Schelde Estuary, therefore, may well determine to a considerable degree whether or not Germany can be brought to her knees before or by the end of the present year. Antwerp is in a direct line overland to Krefeld in the Reich from which the flatlands of that part of Germany open the way to the shortest route to Berlin and up the Rhine through Dusseldorf and on to Cologne—the latter the next logical objective after that part of the front centring on Aachen has been suitably prepared. So, as Antwerp is the great strategic key of the west, Warsaw is the eastern key. And the Germans still hold the Polish capital.

#### REALISM AT BLACKPOOL

DELEGATES TO BRITAIN'S TRADES Union Congress at Blackpool yesterday will have impressed the people of the British Isles with their determination to discourage any move for a "soft" peace for Germany. And to make sure there shall be no disposition to differentiate between the German people and the German government, the convention endorsed a proposal to this effect, declaring that the former must share the responsibility for the crimes of the Nazis. Nor were the delegates satisfied with this categorical definition of procedure. They defeated, by a card vote of 5,058,000 to 1,350,000, a motion to refer back the clause in the Congress report declaring that the German people could not be absolved. Had such negative action succeeded, of course, it would have constituted disapproval by the main body of an important decision.

When the British Trades Union Congress speaks, it speaks with authority, the authority of a paid-up membership of nearly 7,000,000, or one-sixth of the population of Britain. And these represent what are known as the "little people"—the people who responded to the call of Labor Minister Ernest Bevin when he told them four years ago that he would be the last person in the world to advise them to forego all their hard-won rights unless their own liberties and the security of the nation demanded such action. Equally emphatic was he, however, in his assurance that after the emergency had passed, he would see that the government kept its part of the bargain and restored those rights. Of course, there have been strikes and work stoppages; but the marvel of it is that a war-torn and heavily-taxed people have kept industrial and economic disturbances to such an insignificantly low level.

The resolution of the Trades Union Congress bears witness to the fact, moreover, that when Hitler began to send his robots to London and the neighboring districts he added weight to the punishment designed for him and the German people—the German people who were loud in their adulation of their Fuehrer when it looked as if his bid for world domination might succeed. And woe betide any British government which seeks to dilute the resolve registered by the convention delegates at Blackpool yesterday.

#### WHOSE LAUGH NOW?

THERE IS SOMETHING TERRIBLY PASThetic in the spectacle of Adolf Hitler calling upon the "Herrenvolk" to emulate the heroic example which the home guard of Britain set the world of free men after France had fallen in 1940. And the picture of these changed circumstances takes on a still more drag thing when Gestapo butcher Heinrich Himmler is compelled to appeal to the aged men and women of the "super-race" to arm themselves with pitchforks, straightened scythes, pikes and swords in readiness for the arrival of the Allied armies on the "sacred" soil of the Reich.

How the Fuehrer and his gang laughed at stolid Britons armed with shot guns and a collection of fighting equipment reminiscent of Cromwell's day! But not all Germans giggled; those who knew their history did not underestimate Mr. Churchill's prophecy in those dark days. When he promised that "we shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender"—when the Prime Minister thus spoke many intelligent Germans knew he reflected a grim resolution that would not betray the conscience of free men determined to remain free. And the cocksure Fuehrer, too, must have realized that he had "missed the bus" after the few to whom so many owed so much had humbled the Luftwaffe. That was the Battle of Britain—the victory which saved the world from the domination of a man who now, knowing what awaits him and his kind, appeals to males of 16 and 60 to save him from the consequences of his own folly. What a spectacle indeed!

Not at this late hour can Adolf Hitler inspire his regimented dupes with the assurance that his people's army is "not a preparation for defeat, but for victory." Though some may be fanatical Nazis, ready to die for their Fuehrer, even their warped minds are not totally oblivious to the difference between a free people with right on their side at the beginning of the war and a defeated people committed to a criminal cause nearing the end of their tether. No, Adolf, your end is near; your reserves, moral, physical and material, have reached their nadir. You, at long last, understand the full meaning of that fateful cry which once smote the ears of the Allied peoples—"too little and too late." You and your Nazi philosophy are doomed.

#### AN IMPORTANT ACQUISITION

SIR WILLIAM BEVERIDGE'S VICTORY in a parliamentary by-election in Berwick on Tuesday assures the British House of Commons of the services of the famous economist who produced the first plan for social security "from the cradle to the grave." He entered the contest in the north country constituency as a Liberal, and under the terms of the political truce he was unopposed by candidates of either of the other two major parties. His large majority was a foregone conclusion.

None was surprised, of course, that Sir William ran as a Liberal; his was the expert mind which formulated much of the progressive social legislation initiated by the Asquith government between 1910 and the outbreak of the first Great War. He had a prominent hand in Britain's health and unemployment insurance and old age pensions schemes—all basic Liberal policies. Nor will he enter the House of Commons with a "chip on his shoulder" because the government did not go beyond approving the "Beveridge Plan" in principle. Its own proposal, recently submitted to Parliament, won his praise, not only for its general conformity with his concepts of social security, but also because it bears the official imprimatur—because, in the nature of things, should preface its adoption.

What the newly-elected member for Berwick is solely concerned about is adequate provision against those conditions which have harried the long-suffering Briton with their cycles of social distress and economic frustration for too many years. And Sir William long ago manifested his belief in important Liberal principles—unshackled interchange of commodities between nation and nation, the preservation of dear-won liberties, and political freedom in the fullest sense of the term. The British House has indeed acquired a tower of strength by his election to Parliament.

#### SWOONING FOR VOTES

PARTY COMMITTEES LURED BIG names from the lights of Broadway and the Kleig lights of Hollywood into the last presidential election in the United States. Now we learn that Bing Crosby is organizing a committee for G.O.P. standard-bearer Thomas E. Dewey, while Frank Sinatra, fresh from a dinner at the White House, is not only swooning for the President, but is proposing to pay for a radio program for the "champ."

Of course, says the Washington Post, the Sinatra appeal may not swing (or should we say, "send") many voters except in Georgia, where the voting age has been lowered to 18, and the Crosby habit of backing the wrong horses may make his support a doubtful omen for Dewey. Still, the newspaper thinks, there are dangers in abandoning that separation of politics and entertainment which was a pillar of American traditions as long as Hollywood still had important foreign markets to consider.

But how will Dr. Gallup select his samples if he has to consider not only income and age groups but the several elements in the bobby sock brigades, the hep-cats, and the armchair fans? Then, too, how can the dignified campaign rite of kissing babies hold out in competition with the more fervent mass ceremony in which the crooner is kissed by the babes? Even the Herr Doktor Goebbels never was mobbed by ladies for his autograph.

#### Bruce Hutchison

THE ISSUE BLURRED

NEW YORK.

IN THIS PRESIDENTIAL election the United States is groping for something which it has never been able to find before—its true place in the modern world. In the only other wartime election in the nation's history, the victory of Abraham Lincoln then decided that there could be no secession from the American Union. This election may decide that there can be no secession from the wartime union of the peace-loving peoples. Perhaps in an almost unconscious fashion it will so decide. Perhaps this paramount issue has been decided already in the heart and mind of this nation. But the election itself, the act of choosing a President, will not represent a visible decision on which the world can build its hopes for security.

The issue is too blurred, too many sided with too many imponderables for that and under the constitutional system of the United States no real decision can be made until the next President, whoever he is, can persuade the Congress to follow not merely the general aspirations of this time but the binding legal commitments of the peace settlement. Therefore, the election is but one stage in the great choice which must largely dominate the shape of the whole world in our generation and no election has been more confusing, more filled with general promises, more lacking in real policies.

#### TRADITIONS AND HATREDS

THUS ACROSS THE vast and teeming spaces of the nation the people are groping darkly. This colossal organism, this inchoate and amorphous thing, the American political system, seeks in the mighty symbol of the Presidency for a common denominator, a compromise between the incalculable economic forces, races, traditions and hatreds which make up the United States and the hope of the democratic world. On the garish friendly streets of a thousand towns and cities, in New York, reeling and drowsy with wartime prosperity, around the cracker barrels of New England country stores, in the lonely places of the desert, in Negro towns down south, in the deep coastal woods, throughout a nation which is itself a world of races and conflicts, the peoples are trying to understand this election, but more than that their future in a new kind of world.

The election mood, therefore, is strangely amazingly quiet. The peace-time circus, the sport event which is the ordinary Presidential election has gone. The fire, the passion, the human stuff of the Republican Party died out with its greatest figure, Wendell Willkie. The Democratic Party is tired with 12 years of office, its organization worn thin, the wild impossible hopes of 1932 gone in bitter disillusionment. No excitement, no spectacle, no theatre apart from Roosevelt himself, the greatest of all showmen, can be expected from a party defending twelve years of office.

#### NOT BOX-OFFICE

ON THE OTHER side, Mr. Dewey obviously has not caught the public imagination as Willkie caught it and Roosevelt before him. Dewey is an able candidate, but he is not box-office. His pedestrian pace and his reliance on mechanical organization, his earnest and studied efforts to please suffer by comparison with the intuitive, unrehearsed and inimitable performance of the old impresario who plays by ear. Dewey has proved an abler man than most outsiders had supposed and might make a highly successful President.

But it is clear to anyone who approaches this election afresh from a foreign country that Dewey will not beat Roosevelt. If the Republican Party wins it will be hated of him and the New Deal that beats Roosevelt. The Republican vote will be a protest vote, not in the main a desire to see Dewey in the White House, whereas Willkie had millions of followers besides the haters of Roosevelt.

As always, the last days of the election increase the confusion about its result. As always the experts are measuring eleventh-hour trends and upsets. As always, little attention should be paid to them. The election probably was decided months ago by a 130,000,000 people whose very numbers and sprawling geography make them inarticulate. No one, not even the most careful poll takers, knows that decision and, indeed, the professional prophets whose living depends on their accuracy grow more anxious and uncertain as the polling day approaches.

#### F.D.R. HAS GOOD CHANCE

THIS REPORTER WILL take a look at some of the figures and calculations in another dispatch, but, meanwhile, it is impossible to say this much: not even the most rabid Republican, aflame with a fury such as never has been known in Canada, will say that they are confident of victory. With a frustration moving to the fore, they say that That Man in the White House has a good chance to do it again. The professional gamblers in this town are betting three to one against Dewey, though the public opinion polls only give the President an edge of anything from two to six percentage points. The Democrats are utterly confident, provided they can get the vote out for its size, as will be explained later may be the determining factor in the result.

But even if you know the result of the election to the last vote, you could not know where the United States is going, the shape of its postwar society, the structure of its economy and above all its foreign policy. This is inevitable in a nation which has produced the economic, industrial, physical miracle of the ages, but still struggles and writhes in this modern age of power under an inflexible constitution invented before the first days of steam. Thus with the real issues deliberately blurred by both parties, with the candidates denouncing each other and yet apparently advocating the same poli-

#### Today's WAR NEWS Analysis

By J. M. ROBERTS JR.

Associated Press War Analyst  
Japanese reports that the re-occupation of the Philippines has begun are, as usual, subject to revision for accuracy, but fit perfectly into the picture of the Pacific war which has been building up for some time.

The battle for the Philippines is actually what the entire Pacific war has amounted to so far. Japanese outposts have been pushed back gradually for thousands of miles to prepare for this action.

Admiral Halsey has thrown a great arc of protection between the Philippines and Japan, destroyed 915 enemy planes and

with them the threat of aerial counteraction, sunk or damaged 312 ships, and smashed many of the bases from which both operated. Now the new fleet and history's greatest floating air force can be placed at the disposal of Gen. MacArthur.

It brings the climax of two long years of fighting a cunning enemy in the jungles of the southwest Pacific with one hand while building, slowly and bitterly under the handicaps of priorities for Europe, the striking force for the return to the fortresses around Manila.

The battle will be bloody, but we can hope it will not be long.

#### Letters To The Editor

##### AWAY FROM THE SUN

Arising from my letter published in last evening's Times, correspondence and conversations show that the subject of the earth's motion is one of widespread interest, but that the idea of curved space is hard to grasp. The difficulty is to find language to express the happenings of a higher dimension in terms of a lower dimension. For instance, any of your readers who followed your account of the journey of the St. Roch through the north-west passage will have been reminded that the northern part of Canada is impossible to represent accurately on the flat page of an atlas, because Mercator's Projection exaggerates the distances, and the circular disc-like "hemisphere" contracts them. A globe is needed to give a right impression.

So, when we are discussing the changing seasons, we speak of the earth rolling onward; but when we think of day and night, we have to remember that the daily revolution of the earth on its axis cannot be in the same direction as its annual revolution round the sun. If it were, one-half of the earth would be dark all the year round, and the other half in perpetual daylight. So, when I used the word "roll" I was expressing only one part of the idea, and ignoring the other part. Perhaps the word "spin" would come a little closer to the truth; since the motion of the earth is not like that of a ball on the ground, but more like that of the propeller of a ship of an airplane.

But at this point the difficulties of expression are only just beginning; for this is only the problem common to all those three-dimensional objects which cannot be drawn on a two-dimensional blackboard. Einstein's theories are concerned with the four-dimensional. Our ordinary speech makes no provision for such ideas, which can, therefore, be expressed only in mathematical formulae. Those who are not familiar with mathematics can scarcely conceive what the curving of space can possibly be.

SPENCER H. ELLIOTT.  
The Denary, Oct. 18.

#### BRITISH BUNDLES

Owing to a change of circumstances the ladies of the wind-breaker department of British Bundles will, after the end of October, be devoting their time to increasing production of clothing for the bombed people of Britain.

Since the cruel attacks of the buzz bombs on London and south England we have word that the clothing situation is very acute, and we feel that no stone should be left unturned in our efforts to help relieve this trying situation.

At the present time, therefore, our need for felt hats will cease.

I am sure that many of the charitable organizations in Victoria would be glad of donations of good felt hats and for the ones which are no longer of any use, the Salvage Corps of B.C. will be glad to receive them to swell their quota of rags.

L. J. PEASE, Convener.  
531 Baston St., Oct. 17.

cies, the American people, this great, gallant and friendly people, who want to do the right thing, go to the polls in greater doubt and confusion than ever and in deeper agony of spirit also, for day by day their sons are dying for their past mistakes,

## \$500,000 Fund Open To Finish Cathedral

Announcement of the official opening of a \$500,000 fund for the completion of Christ Church Cathedral was made by Bishop Harold E. Sexton, during the tenth session of the Anglican Provincial Synod in Memorial Hall, Wednesday.  
"We need half a million dollars to complete the cathedral and we do not propose to put off completion regardless of other campaigns," Bishop Sexton said when delegates to the synod were discussing a \$4,250,000 fund which will be taken up across Canada beginning in the fall of 1945.  
The fund was discussed at the general synod meeting and executive meetings in the east and \$2,000,000 will be required to put the pension fund on an actuarially sound basis, delegates learned. The provincial synod passed a resolution welcoming further details of the church's advance program in this matter.

## Labor Body Plans Eviction Check

If action is not taken by authorities to protect tenants facing eviction, the Victoria and District Trades and Labor Council plans to move to check dispossession, according to discussion on the issue at Wednesday night's meeting of the council.  
No indication was given of the course the labor men would pursue, but strong opposition to evictions was voiced by delegates following a report from Charles Chivers, council chairman, to the effect several citizens had contacted him, stating they had received notices.

Dissatisfaction was expressed over replies from the Minister of Munitions and Supply and the Department of Justice to representations made over two school boys killed in Esquimalt by an army truck. Further action on the issue is planned by the council.

Support of the labor group was sought by Victoria firefighters in their claim for the same consideration for members of their departments serving overseas as is shown other departments.

A resolution from the Victoria District Council, Civil Service Federation, asked delegates to the Trades Congress to endorse a move to have Dominion Civil Servants' cost-of-living bonuses incorporated into the basic salary scale along lines adopted in industry.

Mr. Chivers, Victoria delegate, was asked to take publicity matter to the trades and labor convention with a view to encouraging delegates to select this city for the next big meeting.

Endorsement was given the Vancouver Trades and Labor Council resolution asking for early establishment by the Reconstruction Ministry of regional committees in each province to care for local problems. Representation of organized labor on the regional boards was urged.

Social security plans advanced by R. W. Mayhew, M.P., were supported by the council.

Miss Irene Crooks was named to the label committee of the council, and new delegates welcomed included Frank Hyslop, James Island Explosive Workers; I. C. Woodend, P. R. Simms, H. Gibson and C. Palmgren, plumbers, and Dr. J. M. Thomas, Saanich Teachers' Association.

## Victoria Photographers Show Prints at Salon

Eight Victoria photographers will have prints on display at the fourth Victoria International

Salon of Photograph which will open Sunday in the lower lounge of the Empress Hotel.

These prints have been chosen by the judges and will be seen with 171 of the best prints submitted by nationally-known contributors.

Local exhibitors are Ken McAllister, W. H. Squires, J. C. Hawks, Dr. J. Cull, A. Woods, Miss L. Casson, S. W. Metcalfe and H. C. Cook.

Seven prints made by the judges will also be hung by invitation. The salon will be open all week

and members of the Victoria Photographic Association will be on hand to answer questions.

Rudolph Tietjen, president of the Seattle Photographic Society and one of the judges, stated that prints submitted this year are better than the average received on previous occasions. J. Helder, Vancouver, and R. L. Colby, Victoria, are the other two judges.

Eggs from two to four weeks old make more tender angel food and sponge cakes than do fresh eggs, the University of California claims, but spoiled eggs must not be used.

## Queries Received On Chicken Houses

Inquiries made to City Hall sources during recent weeks indicated a renewed interest in the keeping of chickens within the city and the regulations which govern that practice.

Several citizens have voiced annoyance over the inconvenience caused by domestic fowl kept in adjoining property. Apart from the noise and frequent odors, those who have neighbors keep-

ing chickens protest the dust which filters from pens on to gardens and berry vines. Exception is also taken by some to the manner in which poultry attracts vermin.

According to the by-law a person owning property of 7,200 square feet shall limit the number of chickens kept on such land to 15, with an enclosure, including the poultry house, of at least 20 feet for each head of poultry. Poultry houses or enclosures must be 30 feet from a dwelling house in the case of 15 heads, and must be 50 feet away from a

dwelling house in cases in which larger flocks are kept.

The person keeping the poultry house or pen must, according to the by-law, see that all ground adjoining the quarters are kept free from vermin and clean to the satisfaction of the medical health officer or sanitary inspector.

Alpacas and vicunas have been crossed in Peru producing hybrids taller than vicunas, and very resistant to cold; they have fine, silky, long wool, said to be an improvement over the alpaca.

## Every Woman SHOULD KNOW

about  
MERCOLIZED  
WAX CREAM

Because only MERCOLIZED WAX CREAM helps your skin in these four ways: 1—It actually makes your skin more lustrous, glowy, by making it more translucent, less waxy. 2—It improves your natural coloring. 3—It peels invisibly off, discolors, fades, revealing your protected skin beneath, fatter and drier. 4—It smooths coarse, grainy skin, makes the texture silky to touch. 5—It will make and keep your skin finer and younger looking. This is the cream that gives you a radiant skin. So start with MERCOLIZED WAX CREAM today.

Startle your skin to fresh loveliness with SAXOLITE ASTRINGENT. Tightens sagging tissue, reduces lines around eyes, cleans away every trace of stale makeup. Try it. At cosmetic counters everywhere.

## Relieve NASAL SORENESS

Don't wait—when your nose feels dried out, clogged up or sore, apply mildly medicated Cuticura Ointment. It goes to the root of the trouble, soothes and relieves. Try today!

## Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.50 for 10 lines, and 30c for each additional line.

Mr. and Mrs. Guy Benning, 433 Government Street, Victoria, announce the engagement of their youngest daughter, Constance Margaret, to L.S. Donald Edward Broadworth, R.C.N.V.R., son of the late Mr. and Mrs. William Broadworth of Stirling, Ont. The wedding will take place in the near future.

## Daughters of Pity Help Children's Ward

Miss Marjorie Siddall was returned as president of the Daughters of Pity at the annual meeting and will be supported by Miss Irene Bannerman as vice-president; Miss A. E. Hill, secretary; Miss Marjorie Tait, treasurer.

Work done during the year for the children's ward of the Royal Jubilee Hospital, towards which the organization directs all its efforts, included decorating the ward at Christmas, gifts for the patients, flowers and Easter baskets for the children.

The society supplied the ward with six stork cribs, combs and tooth brushes, screens, diapers, complete supplies for the six cribs and two dozen tops for baby bottles.

The treasurer's report showed receipts amounting to \$1,163.01 and disbursements \$271.34.

Miss Lena Mitchell, superintendent of nurses, and Miss Ferrara were thanked for their assistance.

## Lett's Invasion Story To Be Broadcast Friday

The address by Brig. Sherwood Lett, D.S.O., M.C., before the combined luncheon of the Vancouver Boards of Trade will be recorded and broadcast on the CBC Trans-Canada network, Friday, from 10:30 to 11 p.m. Brig. Lett will address a special Victory Loan gathering, Friday, in Vancouver. His subcommittee, "The Invasion of Normandy," in which he himself took part until wounded near Caen.

A veteran of the Dieppe operation, Brig. Lett was a Vancouver lawyer before going into uniform. He is a former member of the U.B.C. senate and board of governors.

## Hold Supper Meeting

"What do you as business and professional women consider is the principal problem in the city from the point of view of employed women?" was the subject for discussion at the supper meeting of the Victoria Business and Professional Women's Club Wednesday in their clubrooms. Mrs. Claire Lord, Miss M. Press and Miss Isla Tuck spoke on various aspects of the discussion. Miss Hilda Cryderman of Vancouver, provincial vice-president of the organization, spoke during the supper hour. Mrs. J. I. Smith presided.

## Personals

Mrs. J. M. Erickson of Bahamas is at the Empress.  
Mrs. C. T. Knox of Seattle is at the Empress.

Mrs. T. C. Smith of Prince George has come to Victoria and is at the Empress.  
Flt. Lt. and Mrs. G. J. B. Edwards of Summerside are visiting in Victoria.

Mr. and Mrs. G. R. Thomas are visiting at the Empress from Cranbrook.

Mr. and Mrs. G. D. Little are visiting at the Empress from Montreal.

Mr. and Mrs. J. G. Robson of New Westminster are spending a few days in Victoria.

Maj. and Mrs. G. A. Herbert of Millbank are visitors at the Empress.

Among the Vancouver visitors at the Empress are Miss Joan Smith, Mrs. M. Wahl, Miss Ruth Smith, Mr. and Mrs. C. D. Hobbs, Mrs. A. H. Mitchell and her daughter, and Mrs. M. L. Smith. Mrs. Cyril Currier of Ottawa, accompanied by her daughter, Mrs. A. C. Hull, and her grandson Brian, are spending a week with Mr. and Mrs. F. L. Seaton, Lincoln Road, Oak Bay.

Mrs. Martin B. Cullen and her baby daughter, Mary Jane, have gone to Calgary and are visiting the former's mother, Mrs. Jane Hickey. T. O. Cullen, R.C.N.V.R., has gone to St. Hyacinthe, Quebec, for further training.

Lieut. and Mrs. Glen McDonald and their small daughter, Rebecca, came to Victoria Wednesday from Vancouver and are staying at Government House. Lieut. McDonald arrived in Vancouver Monday from eastern Canada.

Lieut. B. Bullock-Webster, C.W.A.C., advance officer of the coast-to-coast tour of the C.W.A.C. military and pipe bands, has arrived in Victoria and is the guest of her parents, Mr. and Mrs. W. H. Bullock-Webster, Davie Street. She will make plans for the visit of the bands to this city and up-island points early in November.

Mrs. V. R. Parfitt, 1351 Grant Street, entertained at tea in honor of her daughter, Helen, who was celebrating her 21st birthday. Mrs. E. R. Atherton and Mrs. Aaron Parfitt poured tea and assisted in serving were Miss Dorothy Parfitt, Miss Thelma Brown and Miss Jean Harwood.

Other guests included Mesdames D. E. Smith, W. A. Atherton, C. Lewis, K. Simpson and Misses V. R. Parfitt, Elaine Province, Phyllis Ockwell, Audrey Hickling, Florence Smith, Maud Almond Catherine Atherton, Alma and Dulce Malcolm.

Mrs. W. A. Kelly entertained at a miscellaneous shower Wednesday at her home, 55 Cadillac Avenue, honoring Miss Patricia Burkmar, whose marriage will take place next month. Among the guests were Mr. and Mrs. C. S. Burkmar, Mr. and Mrs. E. Burkmar, Mr. and Mrs. J. Vailo, Mesdames A. Ward, W. Carpenter, A. Porter, F. T. Daly, J. D. Davis, P. Hoadley, F. M. Kelly, B. James, E. Bryant, E. Kennedy, G. Gorton, Restell, Mountain, F. Steeles and Misses Gladys Burkmar, Ruby Harvey, Eva Richardson, Betty Matheson and Sylvia Bryant.

## P.T.A. Activities

Margaret Jenkins-A panel discussion on parent-teacher work was led by Mrs. G. W. Pottinger. A tea and bazaar will be held Nov. 10, Mrs. E. C. Peters, president.

North Ward-A bazaar will be held in the school and auditorium Nov. 1 at 2:30, Mrs. M. B. Moore convening. Mrs. R. Storey will have charge of the guest table; Mrs. A. McLeod and Mrs. J. Strong, home cooking; Mrs. Fuller and Mrs. Robertson, aprons; children's wear, Mrs. Whitehead, Mrs. Pellett; white elephant, Mrs. Campbell; contests, Mrs. Ballantyne; hot dogs, Mrs. O. Dyson and Mrs. Brown; fish pond, Mrs. Howarth; toffee apples, Mrs. Haddington; afternoon tea, Mrs. G. Donnelly. Sewing group will meet at the home of Mrs. J. E. Moore, 2607 Wark Street, Friday at 2.

## Clubwomen

Servinus Group of Metropolitan W. A. heard a review on the book "Polish Profile" presented by Mrs. H. O. English. Mrs. J. E. Barnett presided and Miss D. Ball led the devotion. Next meeting will be Nov. 10 at the home of Mrs. Ed. Williams, 411 Queen Anne Heights.

W. A. of Belmont Avenue Church will hold a tea in the Sunday School Friday at 3, featuring a sale of children's clothing, aprons, pillow-cases and home cooking.

Women's Guild of St. Andrew's Church, Cordova Bay will canvass the community for funds to purchase a church site. Mesdames K. M. Lewis, Fletcher, Preston, H. Pistell, Roy, J. H. Walker and J. Netterfield volunteered for this work. Rev. F. Pike reported on the Deanery Conference. Guild meetings will be held on first and third Mondays of each month, the next to be Oct. 30 at the home of Mrs. Pistell.

## Christmas Gifts for Navy Boys

Mrs. W. A. Barclay and Mrs. C. J. Harrington... filling ditty bags for their job.

Headquarters of the War Comforts Branch of the Navy League of Canada, 1236 Government Street, is a busy place these days as 2,500 ditty bags are made ready for Christmas presents to men of the Canadian Navy and Merchant Navy. Because many of the ships in which these sailors are serving will be at sea Christmas Day, the ditty bags must be ready by Nov. 15.

Brig. L. W. Miller is chairman of the War Comforts Branch and Mrs. C. J. Harrington is in charge of the workroom, open from 9:30 to 11:30 each morning, while Mrs. W. A. Barclay and Mrs. Jack Barracough are assisting her. Beginning Thursday there will be a display table at

## 'Save the Children' Tea

Eight women who organized in 1939 to send clothes and toys to a children's hospital in Liverpool, held its second tea in five years Wednesday at the home of the president, Mrs. H. R. Townshend, 335 Moss Street. They realized the sum of \$50, which will be used to purchase wool and flannel for further sewing.

This group has sent 1,200 articles overseas, including five large boxes to the Women's Voluntary Services, with over 500 articles and two complete layettes, containing over 20 articles, to

## Y.P. Activities

Metropolitan Y.P.U.—Worship service was conducted by Miss Grace Adams and Miss Eileen Scott. Roy Bushe was elected vice-president. Plans for the Vancouver Island Presbytery Y.P.U. Halloween party to be held Oct. 31 in the schoolroom of Metropolitan Church were outlined by the recreation convener, Miss Mary Nelson. Miss Grace Adams, fellowship convener, introduced the discussion forum in which groups were led by Miss Jean Adams and Miss Ella Marr. Reports from each were submitted by Jim Dodson and Tom Woods. Harold Squire led recreation. Next meeting will be held Tuesday at 8 at the church and the speaker will be Dr. A. E. Whitehouse.

## Grand Mistress Honored at Banquet

Right Worshipful Mrs. A. Middleton, Grand Mistress of B.C., was guest of honor at a banquet given by members of the Britannia Lodge, L.O.B.A., No. 216, Tuesday. Among the guests were: past grand mistresses of B.C., Mrs. E. Doane, Mrs. I. Burt and Mrs. L. Gidden; grand deputy mistress, Mrs. M. Paterson; deputy secretary, Mrs. F. Noel; honorary member mistress, Mrs. A. Winters; honorary member mistress, Mrs. G. Gardiner. Committee for the banquet: Mesdames N. Smith, R. Cook and L. Outhbert. Miss Enid Middleton sang. At a meeting held following the banquet it was decided to hold a silver tea at the home of Mrs. G. Telman, 415 Bolestone Street, Wednesday, from 2 till 4.

## B.C. Importing California Grapes

VANCOUVER (CP)—Approximately 40 cars of wine grapes with a value of \$160,000 have been imported to Vancouver from California during the past two months, a survey showed. The average annual importation of wine grapes is 30 carloads. It is expected a large amount of the imported grapes will be used by individuals.

Presentation of life membership was made to Mrs. A. E. Lewis by Metropolitan W.M.S., Mrs. D. A. Gravin, presiding. Mrs. H. C. McCall conducted the devotion. Period, assisted by Mrs. E. R. Bewell, Dr. W. W. McPherson spoke on Thanksgiving. Soloist was Mrs. F. W. Hawes, accompanied by Mrs. W. H. Muncy.

Man Missing After Slide  
FORT WILLIAM (CP)—Provincial police said today Rudolph Fossbender, tractor operator at the Steep Rock Iron Mine near Atikokan, Ont., is missing and believed dead as a result of a landslide at the mine. Officers said they had received only a brief report saying no trace of Fossbender or the tractor had been found, and that the slide was a large one.

Sea lion adults are called bulls and cubs, but the young are called puppies.

## Shades of Autumn

...and styles very carefully selected by Scurrahs, for the most discriminating of their clientele. Dressmaker suits, including four-button models, in wools, and in all the loveliest shades of blue, green, teal, gold, red, cherry and mauve. A good range of sizes and truly amazing value for such quality for only \$29.75.

## Air Force Wedding For Miss Woodward

A flag-decorated altar and bridesmaid's ensembles of red, white and blue carried the air force theme for the marriage of Brenda Mary Woodward and P.O. John David Duncan, R.C. A.F., of Perth, Ontario, at Fairfield United Church, Wednesday, at 8, with Dr. W. J. Sippell officiating. The bride is the only daughter of Mr. and Mrs. Edmund Woodward, 1588 Fairfield Road, and given in marriage by her father.

For the ceremony she chose a floor-length gown of heavy white satin fashioned with short train, a fingertip veil of silk-embroidered net and carried a bouquet of gardenias, asphodels and heather. Miss Rosemary Watson, cousin of the bride, and Miss Brenda Kent were attendants, wearing frocks designed with red velvet bodices, full white tulle skirts and small red velvet hats. Their colonial bouquets were of red, white and blue flowers.

P.O. Roel Dewar, R.C.A.F., was best man and the ushers were P.O. Frank Myles and Jack Woodward, brother of the bride. Cyril Warren played the wedding music and during signing of the register Miss Winnifred Applegate sang "Through the Years."

At a reception at the home of the bride's parents, Mrs. Woodward was assisted in receiving by her sister-in-law, Mrs. Carmen Easton. Gerald Green proposed the toast and Miss Applegate sang several numbers. A congratulatory telegram was read from the bride's brother, Wing Cmdr. Vernon Woodward, D.F.C. and bar, who is stationed in Cairo.

For a wedding trip to Banff the bride left in a violet wool dressmaker suit, black hat with feather trim and a muskrat coat to which was pinned a spray of orchids. P.O. and Mrs. Duncan will reside at Brentwood Auto Court on their return.

## Plan Rummage Sale

General funds of St. Joseph's Hospital Alumnae, which aid nurses in training, will benefit from the rummage sale to be held Saturday at 10 in the S.O.E. Hall. In charge of the sale are Misses M. Webber, Harrington, K. Collier and Clappier.

## SCOUT SALE

A rummage sale to raise funds to repair their Chester Avenue hall will be held at 1407 Broad Street, under the auspices of the 3rd Cathedral Boy Scout group committee, at 9 Saturday morning. The Chester Avenue hall is open between 6 and 7 Thursday evening to receive articles for the sale.

## Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain—often need a nerve and general tonic. Glycine Leucine with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to a deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other Drug Stores. (Adv. OC-1)

## THE Home Nurse

'FIRST WASH YOUR HANDS'  
IS ABC OF SICKROOM  
TECHNIQUE

By LONA L. TROTT  
Assistant director, Red Cross  
Nursing Service

Did you ever watch a doctor wash his hands? There is a thoroughness in the way he seems to seek out the hidden germs, in the friction that he uses, in the very way he shakes the water from his hands before he picks up the fresh white towel your have ready for him.

The order "First wash your hands" appears often in this column. It is the ABC of sickroom techniques that every good home nurse must learn, respect and observe. No half-hearted rinse-off without soap, please. Take a lesson from the doctor's method. Wash your hands before and after caring for the patient in order to protect the patient, the family and yourself. You must not carry infection to, or away from, a sick person.

Unfortunately, running water is not available in a great many homes, especially in rural regions. But plenty of warm water and a large wash basin serve the purpose very well for handwashing. The important thing is that the pan be kept clean. A bathroom bowl, if it is not kept clean, can harbor infection as well as a back-porch washpan.

## WASH HANDS THOROUGHLY

In washing your hands, there are three things to remember: soap, water and friction. First wet the hands. Then soap them, working up a lather between the fingers and around the nails. With each hand lowered in turn, rinse by pouring over them from

a cup or pitcher—a generous amount of clean water. The soaking and rinsing should be repeated once, after which the hands should be dried thoroughly to prevent chapping. Rough hands not only cause discomfort to you and your patient, but may result in a break in the skin that may admit infection.

We do not expect soap and water to kill germs, but only to wash them off the surface of the skin or the article we are trying to cleanse. The soap helps to dissolve the soil and skin secretions, and the water washes them away.

If there were enough disinfectant in the soap to actually kill the germs it would very likely cause severe skin irritations. Even soap may irritate the skin if not rinsed off thoroughly with clear water.

## Welcome as good news

Exceptionally high quality and character! Deep hearty flavor! Utmost enjoyment! All yours in Canterbury. No better tea packed. Always makes a rich, satisfying brew... always makes your tea money go further. Use Canterbury Tea regularly. It pays!

## Dorothy Dix

Dear Miss Dix: My husband and I are anxious to adopt a baby girl, but our friends and relatives tell us we are crazy and that we have never known, and that when it grows up it will not respect us because it was an adopted child and not our own, and that it may turn out badly. What shall we do?

MRS. E. I.

Answer: Don't listen to your friends. Adopt the baby if you want one. If you tried to please all of your friends and relatives, you would never do anything, because they would never agree on a line of action. And inasmuch as you can't please them, please yourself. It is a grand and noble thing to give a little motherless, nameless child a place in the sun.

## MAGAZINES NEEDED

Ten thousand magazines in good condition, assorted playing cards and games of all kinds are urgently needed by Mrs. J. Quinn, 1331 Esquimalt Road, to keep the supply flowing to merchant ships, naval canteens and hospitals. Donations may be left at Miss Reimer's Beauty Parlor, 714 View Street, or call G 3558.

## Fashions in Rations Every Thursday

## Common Salt, Whole Spices Best In Making Pickles

By CATHERINE SIMPSON, Victoria Home Economics Association for the Victoria Nutrition Committee

EVEN in wartime it is nice to have a corner reserved in your preserve cupboard for spicy pickles and relishes. They add the unexpected touch which gives zest to a meal.

Pickles have little food value, but they make a meal more palatable and help to pep up lagging appetites. If you still have a wee bit of sugar, make some pickles.

Here are some pickling pointers and a few recipes tested in the experimental kitchens of the Dominion Department of Agriculture.

## PICKLING POINTERS

Start with fresh vegetables or fruits. Use ingredients called for in the recipe and follow directions accurately. Use common salt. Iodized salt is not recommended. Whole spices give better color and flavor than ground spices. The spices in a cheesecloth bag, cook with the vinegar, then remove. Do not use iron, copper or zinc utensils. Pickles are better several weeks after making. Don't be in too much hurry to taste them. Use a good quality of vinegar. If not, pickles may not keep. Like other preserved foods, pickles like to be stored in a cool, dark, dry place.

## Green Tomato Pickles

30 medium-sized green tomatoes (7½ lbs.), 6 large onions, ½ cup salt, 1 tsp. mustard seed, 1 tsp. whole allspice,

1 tsp. celery seed, 1 tsp. whole cloves, 1 tsp. dry mustard, 1 tsp. peppercorns, ½ lemon (optional), 2 red peppers, 2½ cups brown sugar, 3 cups vinegar. Slice tomatoes and onions thinly and arrange in alternate layers with the salt. Let stand overnight. In the morning drain thoroughly, rinse in cold water and drain again. The spices in a bag. Slice lemon thinly, remove stem and seeds from peppers, and cut in thin strips. Add spice bag to vinegar, bring to boil and add tomatoes, onions and peppers. Cook for half hour, stirring gently to prevent sticking. Remove spice bag, pack pickles in hot sterilized jars, seal. Yield about 5 pints.

**Mustard Pickles**  
3 quarts pickling cucumber, 1 medium cauliflower, 1 quart pickling onions, 2 sweet red peppers, 2 cups table salt, 4 quarts water, ¼ cup flour ½ cup mustard, 1 tsp. turmeric, 2½ cups sugar, 2½ quarts vinegar. Peel onions and cut up other vegetables. Make a brine of salt and water, pour over vegetable and let stand overnight.

In the morning drain, make a paste of flour, mustard, turmeric, sugar and a little vinegar. Add remaining vinegar, stirring until well blended. Bring to boiling point, stirring constantly until sauce is slightly thickened. Cook 10 minutes, add prepared vegetables, bring to boiling point and pack in hot sterilized jars; seal. Yield about 4½ quarts.

## Quebec Gazette Dated 1764 Found In Vancouver

VANCOUVER (CP) — What might be the first newspaper printed in Canada was uncovered here this week when Larry Wilson, proprietor of the Vancouver Book Shop, obtained a copy of the Quebec Gazette, published on Thursday, June 21, 1764.

Mr. Wilson found the ancient Gazette in a Vancouver auction room, noted the yellow appearance and the peculiar type faces and thought he had a treasure.

Because of the many forgeries which surround first editions, however, he immediately started an investigation to ascertain if his copy was an original or a forgery.

He has had correspondence with the Library of Congress at Washington, the Boston Public Library, the Public Archives of Canada, McGill University, the Public Library of Toronto and the late Douglas C. McMurtrie, noted historian of printing.

None of his sources could verify if the copy was authentic, but some pointed out that facsimile copies were published in 1864.

The paper was printed in English and French, and discussed a scheme which was afoot to tax "our American colonies."

A light delivery truck driven east on Brighton by Gordon Cuddie, 827 Wollaston, was overturned Wednesday when it and a car driven north on Monterey by Mrs. Sheila Marmo, 2280 McNeill, collided, Oak Bay Police report. No one suffered injury. Damage to the vehicles was slight.

A verdict of found drowned was announced by Dr. E. C. Hart, coroner, Wednesday, after an inquiry into the death of Miss Sarah Ann Gallant, 1145 Rockland Avenue. The body was removed from the Inner Harbor near the Standard Oil Co. wharf Tuesday afternoon.

## Anglican Synod Expresses Concern Over Marriage Act

House of Bishops of the Anglican Synod of the Ecclesiastical Province of B.C. were asked to take under advisement the recent amendment to the Marriage Act, by delegates to the 10th session of Synod in Memorial Hall, Wednesday.

Concern was expressed over the position of the clergy in marrying persons who have obtained a certificate of presumption of death of a partner in a former marriage.

Dr. W. C. Western of Nanaimo said that the subject was a serious one and sought some common policy for the clergy of the province in the matter.

"Many men are disappearing in this war, some are lost, some are bombed and men are never seen again. They have to be presumed dead to allow remarriage of the other party," A. M. White, K.C., registrar of Vancouver, told the session. "The clergy should not refuse to perform a marriage where there is proof, at least circumstantial, of the death of a person."

Bishop Harold E. Sexton stated that many of the clergy were disturbed about the possibility of the illegitimacy of the children of the second marriage should the former partner turn up.

"It is a terrible thing for children of a marriage contracted in good faith to later find that they are illegitimate."

House of Bishops was asked by Very Rev. Dean Cecil Swanson of Vancouver to take under consideration also the matter of "Quebec annulments." Resolution regarding the marriage act was moved by Rev. H. T. Archbold of Duncan.

## JAPANESE QUESTION

Commendation of the policy of the federal government in handling the Japanese question and the method by which the Security Commission carried out its work, was given by Synod during a discussion on the Japanese question led by Rt. Rev. Sir Francis Heathcote, Lord Bishop of New Westminster.

Delegates felt certain that Japanese would be forbidden to settle in large numbers in British Columbia after the war and that they would be scattered over the Dominion as at present. In view of this, delegates decided that missionary work for the Japanese should be placed in the hands of the Missionary Society of the Canadian Church, Toronto. The work has been carried out in the past by the Provincial Board of Oriental Missions, Vancouver, in connection with the Provincial Synod. The meeting urged in its motion that Japanese be welcomed by parishes in those parts of Canada in which they might settle and that those of proven loyalty to Canada should not suffer enforced sale of their goods, pending the decision of the courts, nor eventually be debarred from holding real or personal property.

## RELIGIOUS EDUCATION

Dr. R. A. Hiltz of Toronto, secretary of the general board of religious education, gave an address in which he said there was one step forward in the question of religious education.

"Religion has been given some recognition in the field of education; there is no true educational system where religion is neglected," Dr. Hiltz told delegates. "Religion cannot be neutral because the forces of evil are not neutral."

He said that today there was a general secularization of life, a kind of feeling of the supremacy of man. He spoke of disintegration of social life, especially in the home, and said that any plan of social reconstruction that left out the unit of the home was bound to fail.

Very Rev. S. H. Elliott, elected prolocutor, gave the report of the committee appointed to consider the charge to Synod of Archbishop Walter R. Adams of Kootenay.

## Rommel Buried

LONDON (CP) — The German news agency D.N.B. said today a state funeral was held Wednesday at Wurttemberg for Field Marshal Erwin Rommel, whose death was announced Sunday. The broadcast said Field Marshal von Rundstedt represented Hitler and gave the funeral oration.

## Bogarts Split Up

HOLLYWOOD (AP) — Humphrey Bogart, "tough guy" of the screen, and his third wife, Mayo Methot, have parted after six years of marriage, Bogart said today. "Mayo and I, after a long talk, have decided to separate," he announced through his studio.

Jamaica-bananas, unable to reach world markets, underwent wartime conversion into ethyl alcohol.

## Archie Morrison To Go to Kelowna

Archie Morrison, boys' work secretary of the Y.M.C.A. here for the past year and a half, has been engaged as a community councillor by the city council of Kelowna, it was announced from Kelowna today.

This is to be an experiment, undertaken by the city in the hope of curbing a tendency for an increase in juvenile delinquency in Kelowna, as in other cities.

Mr. Morrison will commence his new duties Jan. 1, which will be to co-ordinate all the activities for youngsters of both sexes now undertaken by various organizations, and to give them guidance and direction.

He came to Kelowna a year ago last June to become boys' work secretary of the local "Y," and prior to that time was a resident of Cloverdale, B.C.

In the statement from Kelowna they say "Kelowna recognizes that it is dealing with intangibles, and that it will be difficult to as-

sess the results of the plan in a concrete manner. Nevertheless, the great body of the ratpayers would seem to be behind the move." Other communities are already watching the experiment with considerable interest.

## 'Teen Canteen Opens Saturday Night

The Teen Canteen will commence its second season of activities this Saturday, it was announced today. It is sponsored jointly by the Y.W.C.A., the Y.M.C.A. and the P.T.A. Council for the purpose of providing wholesome entertainment for teenagers in Victoria, and the affairs are open to under 17-year-olds, whether they are in school or working.

The programs are all held in Central Junior High School. The younger group, ages 13 and 14, will convene in the lower gym from 7 to 9 p.m. Les Gordon will be master of ceremonies. Miss Velda Willis has been hired for the year to act as dancing instructor.

The 15 to 17-year-olds will

gather at 7.45 and continue until 10.30. The program is arranged by the Teen Club committee, of which Art Carrington is the chairman.

Parents of the Teen clubbers are very enthusiastic about the club because it keeps the youngsters from running around the streets, and allows them to learn to dance in wholesome surroundings with others of their own age. These opinions were brought out in a questionnaire circulated by the sponsoring bodies among the parents.

Oil shale is a fine sedimentary rock occurring in layers somewhat similar to slate; oil is present as an organic material, but there is little outward appearance or feel of oiliness; some shale will burn if ignited with a match.

37 Revised version (abbr.).

## Former Pros Sign For Coast Hockey

SEATTLE (AP)—Wallie Batchelor, goalie; Glenn Vickers, left wing; and Les Whittles, defenseman, were signed Wednesday by the Vancouver, Wash., team of the Pacific Coast Hockey League. Vickers and Whittles are former northwest professional players. At the same time, Frank Dot-

ten, player-manager of the Seattle Ironmen, phoned from New Westminster, B.C., that Ike Hildebrand, left wing, signed by the Ironmen Sunday, would remain in the east for the time being for a tryout with the Toronto Maple Leafs.

Mount Rainier, now covered with a mantle of glacial ice, once was a flaming volcano, and steam jets at its summit melt caves in the snow.

## Labor Delegates Divide in Views On No-Strike Pledge

QUEBEC (CP)—Delegates at the fifth annual convention of the Canadian Congress of Labor divided today on whether the congress would pledge itself against strikes.

The issue came before the convention in a resolution expressing determination for continued all-out production until victory is attained. The resolution said the congress "reiterates its pledge to do all in its power to avoid strike action and we call upon the employers and the government to pursue a fair and reasonable industrial policy in the interests of the war effort."

Opponents to the resolution demanded an outright pledge against strikes.

James Robinson, United Steel Workers' delegate from Vancouver, said no-strike position was impossible for labor.

"We are going to the ultimate in steel for union shop, and check-off," he said.

### SEES CONTRADICTION

William Stewart, boilermaker delegate from Vancouver, opposed the resolution as a contradiction of the victory pledge.

"Any irresponsible union can call a strike today. We should point out there are other weapons that can be used," he said.

"If we are going to give a victory pledge let's do it, but not with our tongue in our cheek."

Elroy Robeson of the Toronto Labor Council, said labor was subject to delays and frustration and had to retain the right to strike.

Tom Curran, United Electrical Workers, Welland, Ont., said Canadian workers wanted a no-strike pledge. His union had advanced and gained benefits for workers with such a policy.

Silby Barrett, United Mine Workers, Sydney, N.S., said his union would not pledge itself against strikes.

### SHIPBUILDING DISCUSSION

At today's session the congress asked calling of a conference of labor, management and government to ensure maintenance of the Canadian shipbuilding and repair industry.

A resolution asking for the conference received unanimous support at the fifth annual C.C.L. convention here.

Immediate action in the appointment of a committee to review and level up incentive wage plans in Maritime shipyards was also asked. Such a committee was proposed by the National War Labor Board in a wage decision on Maritime shipyard rates last May.

The congress also gave approval to a resolution calling for legislation prohibiting the closing of any industry until sufficient notice is given both government and employees to allow a complete investigation of the circumstances.

The convention gave support to the Canadian Youth Commission and asked local unions to co-operate with region committees of the commission.

### To Contact Authors

Alice Frick, from Toronto, where she is script editor for the CBC and assistant to supervisor of drama Andrew Allan will arrive in Victoria next Monday. She will hold an open meeting at the Empress Hotel to contact authors who have had plays produced by the CBC as well as to discover new scriptwriters. Miss Frick has read every drama script submitted to CBC from all over the world during the past two and a half years. Today more than 90 per cent of the drama scripts on the CBC are written by Canadians.

### Plane Rips Blanket From Sleeping Baby

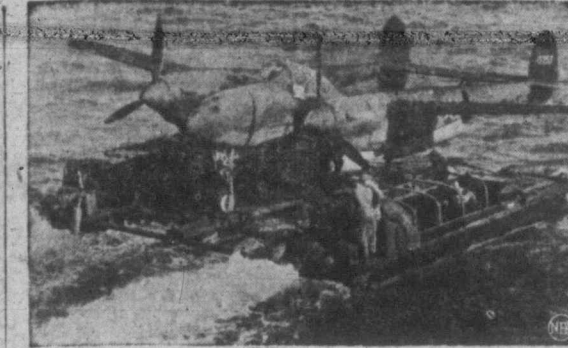

GROTON, Conn. (AP)—A U.S. navy fighter plane glanced off a house rooftop today in a crash landing, tearing the blanket from the bed of a sleeping two-year-old child, who escaped with only minor scratches. The child, Margaret Morton, was buried in plaster and debris, but was not harmed except for scratches. The pilot escaped with a sprained back.

## In Police Court

Pleading guilty of dangerous driving, Oct. 1, on Yates Street, Kenneth McMurray was fined \$30 and restricted to drive only for business when he appeared before Magistrate H. C. Hall in city court today.

Magistrate Hall told Marguerite Givens he would suspend sentence on a charge of possessing stolen property on her entering into \$500 bond to be on good behavior for six months.

Four motorists paid a total of \$12.50 in parking and traffic fines.

PLANE GETS A LIFT—On land and water, the "duck" is a versatile vehicle, as is evidenced above. Two of them, lashed together, form a catamaran to transport a P-38 from ship to shore.

## Pittsburgh Turns Back Cleveland 5-2

PITTSBURGH (AP)—Slamming home four goals in the final period, Pittsburgh Hornets overtook Cleveland Barons Wednesday night and won 5 to 2. The Barons defeated Pittsburgh 6 to 1 in the American Hockey League opener at Cleveland Tuesday night.

An opening night crowd of 3,500 saw the Barons off to an early lead when Tommy Burlington, the league's high scorer last season, scored. Bartholome added another in the second period after Hornet coach Max Kamin-

sky yanked his defenceman and grouped five forwards near the goal just before the faceoff.

Pittsburgh cut the Cleveland lead to one goal 27 seconds later when Hemmerling scored at the climax of a two-man sweep with Jamieson. Hemmerling counted again in 18 seconds of the third period to tie the score at two-all. Then the Hornets scored two goals within half a minute, Roubell counting from the right corner of the crease on assists from Grace and Hemmerling, and Robertson scoring on a screened shot from out near the blue line.

In a mixup of players near the goal, Hemmerling made his final counter at 16:04 with Roubell assisting.

To Keep

# YOUR BABY

Cosy and Warm

Just arrived in time to chase away October's cold chills . . . to keep your youngster cosy till spring comes again!

## Kenwood Coat Sets

Sizes 1 to 3, for Boys and Girls

Boys' ..... 17<sup>50</sup> Girls' ..... 19<sup>50</sup>

Every mother knows the famous quality behind the name "Kenwood." She's used their pure wool blankets for years! And that's just what these are! Famous Kenwood Blankets fashioned into snug-as-a-bug-in-a-rug "cosies" for your tiny tot! Little girls' sets have the coat and leggings, and sweet poke bonnet, adorably styled and touched with dainty embroidery. Boys' sets are tailored to a T. The coat has raglan sleeves. Matching leggings and helmet complete the set. Bring your youngster in, have them fitted in your choice of powder, copen, beige or pink.

Brian Davidson, just past two years of age, looks cosy in a Kenwood coat set.

### Infants' Kimonos

Soft cotton, side-down, trimmed with flannel stitching and finished with silk cord at waist. Pink, blue, in sizes 1 to 2 years. Each..... 1<sup>39</sup>

### INFANTS' JACKETS

Made from 100% wool in dainty lacy patterns by "Pascmore." Choose from white, pink or blue in infants' sizes. Each..... 79<sup>c</sup>

### INFANTS' DRESSES

Dainty georgette sheers in white with smocking in pretty pastel or sweetly embroidered in white. Sizes 6 months, 1 and 2 years. to 3.9<sup>5</sup>

### FLANNELETTE DIAPERS

**Would Clear Feather Muddle**

**Pep Battles Bartolo**

WASHINGTON—The U.S. National Boxing Association is campaigning for a title match between Willie Pep and Sal Bartolo to settle the six-year-old dispute over the world featherweight crown. Abe J. Greene, president of the NBA, disclosed today in announcing the association's quarterly ratings.

Pep of Hartford, Conn., is recognized as 126-pound king by New York and affiliated states; Bartolo of Boston by the N.B.A. They are successors in the line of dual "champions" who sprouted shortly after Henry Armstrong vacated the title because of weight in 1938.

Greene indicated that Bartolo was eager for a decisive match with Pep, and that it could be arranged if the sponsors of Pep would not impose impossible barriers.

Meanwhile, Bartolo has been ordered to defend his N.B.A. laurels soon against some other worthy challenger. The association has issued a similar order to Juan Zurita of Mexico, N.B.A. lightweight champion.

Both assured Greene that they would make defenses after a couple of warm-up bouts.

**NO MAJOR CHANGES**  
No major changes occurred in the quarterly ratings. The upper rankings follow, with divisional champions listed first.

Heavyweight—Joe Louis, Billy Conn, Joe Baksi, Jimmy Blavin, Mello Bettina, Tami Mauriello, Lee Q. Murray, Lee Savold, Joe Maxim, Lee Oma and Jack London.

Light Heavyweight—Gus Lesnevich, Lloyd Marshall, Freddie Mills, Anton Christoforidis and Eddie Booker.

Middleweight—Tony Zale, Georgia Abrams, Hooman Williams, Jacob La Motta, Tony Martin, Jose Basora, Steve Belloise, and Charlie Burley.

Welterweight—Freddie Cochran, Ray Robinson, California Jackie Wilson, Henry Armstrong, Tommy Bell, Marty Servo, Jimmy McDaniels and Marcel Cerdan.

Lightweight—Juan Zurita, Beau Jack, Bob Montgomery, Ike Wil-

**FERRY COMMAND IN FROM LONDON**

rationed, isn't it—they're great people for keeping their shoes well shined, aren't they?"

"Oh, KIWI's a regular habit over there—not only with the British themselves nowadays, either—Canadians, 'Cobbers', 'Kiwis', and 'Springboks', all shine their shoes with KIWI every day now. They've discovered that KIWI preserves their shoes under all weather conditions as well as giving them a dazzling shine."

"Yes, KIWI's a good substitute for coupons in making shoes serviceable longer—I got wise to it in the last war. Well it sure is amazing how they keep up the old morale over there—grand folks!"

"You bet they are! And from Halifax to Vancouver KIWI's the shoe polish that really makes the grade" under all weather conditions. Not only do the Services prefer it, but those on the "Home Front" claim it to be "best of all" in Canada.

**Racetracks Not Worrying About Poor Man in Red**

By HUGH FULLERTON  
NEW YORK (AP)—New England horse tracks are worried about the mysterious "woman in red" whose betting has caused several minus pools in the mutuels. . . . But we never heard of them worrying about the numerous guys in the red every afternoon. . . . The boxing managers' union has been revived on Jacobs Beach and detractors say it is affiliated with the I.O.U.

**TODAY'S GUEST STAR**  
Lee Dunbar, Oakland, Calif. Tribune: "A reader wants to know my definition of the difference between professional and amateur sports. That's easy, chum—in pro sports the promoter splits the gate receipts with his athletes. In amateur sports the promoter keeps all the dough."

**NO SILVER PLATTERS**  
Broadcasters at Garden State Park last summer cooked up the idea of presenting a recording of their descriptions of the feature race to the winning owner. . . . For special events they made a gold record as a special souvenir. . . . The idea, reports Ted Husing, caught on so well that on one occasion owner Allen T. Simmons asked him whether he should keep a horse in New York for a \$15,000 stake or send it to Camden to try for a gold record.

**Gold Pomp Winner In Photo Finish**  
SAN MATEO, Calif. (AP)—Gold Pomp nosed out Little Penalo in a photo finish Wednesday to win the \$1,500 feature race at Bay Meadows. Pari Brazen, post time favorite, ran third. The time for the six furlongs was 1:12.15.

Gold Pomp, ridden by Frank Rodriguez of Tijuana, and owned by the Burns Ranch of Loma Mar, Calif., paid \$16.10, \$7.60 and \$3.80. Little Penalo, who set the pace, paid \$4.40 and \$3, and Pari Brazen \$2.60.

Results follow:  
First race—Six furlongs: Anopheles (Adams) \$2.90 \$1.10 \$2.40; Hadronik (Lasswell) 4.10 2.50; Be Glory (Gray) 4.40 2.80; Crusader (Adams) 4.60 2.80; Clock Fighting Star. Flying Around. Batdorf. Broad Street.

Second race—Six furlongs: Far West (Balls) \$2.50 \$4.60 \$2.50; Budding Fox (Adams) 4.40 2.50; Crazies (Adams) 4.60 2.80; Time 1:12. Also ran: Her Lido, Sabonita, Games over, Overland, Valley Flag, Playward, Red Charlot.

Third race—Six furlongs: Gold Fun (Bassett) \$11.10 \$3.50 \$4.40; Valdivia Star (Lasswell) 4.40 2.50; Cloudcroft (Balls) 4.60 2.80; Time 1:12. Also ran: Boundary Light, Little Trouble, Iron Heart, Bon Cherie, Nitrogen Korine.

Fourth race—Six furlongs: Iron Maiden (Bassett) \$9.20 \$4.30 \$4.30; Deer (Adams) 2.10 2.50; Six Tris (Lasswell) 4.60 2.80; Time 1:12. Also ran: Ian, Paul Brad, Senator, Yare, Chance, Brave Commander, Sandy Watson, Tigartito.

Fifth race—Six furlongs: Gold Pomp (Rodriguez) \$16.10 \$7.60 \$3.80; Little Penalo (Adams) 4.40 2.50; Pari Brazen (Balls) 4.60 2.80; Time 1:12. Also ran: Lurod, Monohate, Dr. Rush, Ultram, Gold Bomb.

Sixth race—Mile and an eighth: Split Sills (Blanco) \$11.50 \$4.70 \$2.50; H. Beautiful (Coober) 4.60 2.80; Carrots (Adams) 4.80 3.00; Time 1:48. Also ran: Bridgite, Gold Gull, Thunderbolt, Sir Blue, Paul Ross.

Seventh race—Mile and a sixteenth: Adanase (Lasswell) \$3.40 \$2.30 \$2.30; Tuxedo Baby (Applegate) 4.10 2.50; No Count (Cragg) 4.30 2.50; Time 1:48. Also ran: Shanty Row, Gold Louette, War Visions, Full V. Battle, Latin Lady.

Eighth race—Mile and a sixteenth: Lady Lido (Mannus) \$10.00 \$4.60 \$4.60; Dark Rhodon (Zuffli) 5.90 4.40; Dora Paul (Blanco) 6.00 3.00; Time 1:48. Also ran: Iron Maria, Morant, Judge, Big Star, Shalom, Peggy's Girl.

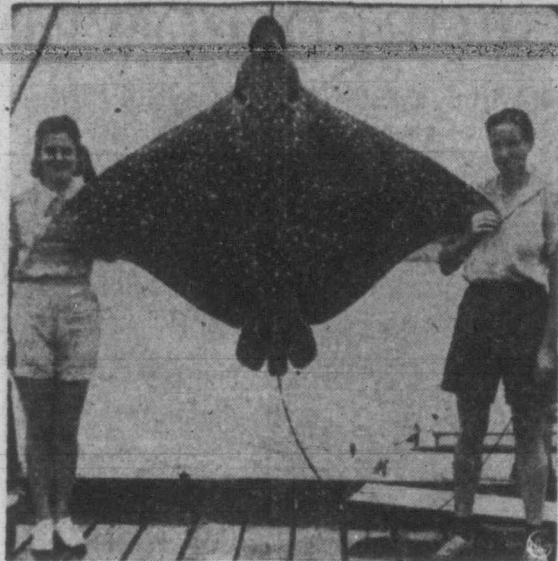

**K.V.'S JUNIOR BASKETBALL CLUB**  
K.V.'s junior basketball club will start workouts this evening at the First United Church gym. Practice will start at 8. All of last year's players and others who wish to play basketball in this division are asked to turn out. Age limit for this group is 16 and under.

**SEATTLE DOG SHOW**  
SEATTLE (AP)—W. J. Hudson, president of the Washington State Scotch Terrier Club, announced Wednesday the Pacific Northwest's first licensed Scotch terrier specialty show would be held October 29.

**QUICK TO REALIZE** his ability as a rugby coach, Varsity have engaged the services of Dan Doswell, former leader of Victoria's McKennie Cup champions. Doswell at present is handling the blue and gold entry in the Miller Cup series, and don't be surprised if he takes over the Thunderbirds squad in the McKennie Cup playoff against Vancouver Reps and Victoria's Crimson Tide. Doswell knows his rugby and has a way of getting the most out of his players. Dan has also been mentioned as good material for an executive position with the Vancouver Rugby Union. I wish Doswell all the luck in the world. Victoria's loss is Vancouver's gain.

**TALKING TO ALEX HALLER**, veteran British Columbia jockey, during the course of the annual meeting at the Willows in September, he seemed prepared to give up riding, owing to the great difficulty he had in making weight. Haller told me he was keenly interested in breaking into the racing game as a trainer. Instead of returning to Kamloops, where he spends the winter months on his folks' ranch, Haller elected to go east for the closing of the season on Ontario tracks. Tuesday Alex was badly injured when heavily thrown in a pile-up at the Dufferin plant, so now his retirement from the racing game as a rider is even more definite. Haller was doing well. His first day out he had three firsts and was riding at 113 pounds, whereas he had trouble getting down to 118 at the Willows.

**WHEN THAT GROUP** of half-dozen major league baseball managers, players and newspapermen tour the war zones this winter, they will have to answer some interesting questions. Good lot of the G.I. Joes will want to know how come the Washington Senators, after feuding with the St. Louis Browns, virtually handed the Browns the American League pennant by knocking off Detroit? Leo Durocher, manager of the Brooklyn Dodgers, may have a hard time answering some of those Dodge fans on such questions as: How do you expect to win a pennant with a bunch of 16-year-old players? What was the idea of getting rid of Fritz Ostermueller, who had such a good year after he landed with the Pittsburgh Pirates? Other matters that may come up for discussion and explanation include: How the New York Yankees' Joe Page made the all-star team but ended the season with Newark of the International League; Joe Medwick's play for the New York Giants after being traded by his old pal Durocher and being twice disciplined by Manager Mel Ott.

**HERE ARE A FEW** sport brain-teasers that were mailed to Hugh Fullerton, Associated Press sports writer, from a soldier in France. Now don't look at the record books before answering. Here are the questions: What is the largest gate in boxing history? Who fought? Where? Who was the highest-priced major league baseballer ever sold? What price? What major league baseball pitcher won more than 500 games during his career? If a football game was disturbed by a fight between the referee, head linesman vs. umpire, field judge, who would have the supreme voice? Now here are the answers: \$2,658,660; Gene Tunney vs. Jack Dempsey at Chicago; Joe Cronin, Washington to Boston for \$250,000; Denton (Cy) Young won 511 games; a football referee has sole authority over all matters not mentioned in the rules, presumably including fights among officials.

**H. O. Hincks Wins R.C.A.F. Tennis**  
ST. THOMAS, Ont. (CP)—H. O. Hincks of Victoria won the R.C.A.F. technical training school singles tennis championship here Wednesday when he defeated J. F. Jeffs of Toronto in the finals, 6 to 1, 6 to 4. Hincks topped Cpl. H. Leach in the semi-finals, while Jeffs won by default over Cpl. Harold Lando of Vancouver, 1943 champion, when he suffered a hand injury.

**Palazarri Injured At Rangers' Camp**  
WINNIPEG (CP)—Manager Lester Patrick announced Wednesday New York Rangers have signed three more players, bringing the total to eight, but declined to lift the cloak of secrecy surrounding their identity. Ott Heller, veteran winger, is the only player yet identified.

Rangers suffered their first casualty of the season when Al Palazarri, former Boston Olympic forward, was sent to the sidelines with a painful eye injury.

Patrick said it would be several days before extent of the injury was known.

Coach Frank Boucher said he is "still experimenting" with lines and concentrating on defensive play.

**Oak Bay High Wins Intermediate Rugby**  
Opening game of the Intermediate Rugby League, Wednesday afternoon, saw Oak Bay High edge out Victoria High, 3 to 0, on the latter's home grounds.

Penalty goal kicked by full-back Tony Beck in the first half, provided the margin of victory for the Oak Bay fifteen. The teams were evenly matched with both aggregations displaying a lot of ability.

The match attracted a large turn out of supporters from both schools and at half-time the youngsters swarmed on to the field to form great snake chains with the bands leading the way. Sid Gaunt refereed.

First senior game of the season will be played Saturday afternoon at Macdonald Park at 2:30 when the R.C.A.F. engage the Naval College. An intermediate fixture will be staged on the lower pitch, starting at 2.

**Hardy Says Nothing**  
EDMONTON (CP)—Dr. W. G. Hardy says he "warmly appreciated the nice things Lester Patrick" had to say, but he declined to make any other comment regarding the position as president of the National Hockey League.

**Mrs. Lou Gehrig Latest Backer Of Pro Football**

NEW YORK (CP)—Sports fans will see a familiar name in a new setting next fall when Mrs. Lou Gehrig, widow of baseball's "most valuable player," puts a new professional football team on the gridiron.

First woman to invade pro football; Mrs. Gehrig is co-owner with Ray Ryan of a New York franchise. She declares she is no traitor to baseball, simply because she couldn't get a wedge into that field anyway.

The former Eleanor Grace Twitchell admits her friends are aghast and amazed at her new venture. Her only supporter is Christy Walsh. "He was Lou's business manager and my friend. He got me into this."

Mrs. Gehrig is strictly a businesswoman and has no intention of breezing through pro football on the strength of her husband's name. "I know what I'm doing," she says. "I've been a businesswoman before, though not many people know it. And as for being welcome in pro football because of Lou's money, that's ridiculous. In the first place, all the men I've dealt with could roll over my money with a jeep."

The Gehrig team is now in process of organization. In addition to signing a coach and players, a name must be found and team colors selected.

**FIRST THINGS FIRST**  
"Our first game next fall will be a benefit for the infantile paralysis fund. Maybe I'll give my gains to charity. I don't know. Anyway, first things first. We've got to sign up the best coach we can get, and we've got some good names to decide on."

One thing Mrs. Gehrig learned in baseball, she says, is never to mastermind a game. "That's going to hold with my football team," she promises. "It's second nature with me never to second guess."

Mrs. Gehrig counted herself "in" when the owners of the newly-formed All-American conference accepted her as one of them.

"When I was invited to the conference meeting in Chicago I was at the Blackstone Hotel for five days. The first thing I knew I had a roomful of cigar butts. It was wonderful. Right then I stopped feeling like a fish out of water."

**Moose Jaw After Junior Ice Title**  
MOOSE JAW, Sask. (CP)—Moose Jaw Canucks, with their eyes on the Dominion-junior hockey championship, have signed another of the famous Delisle, Sask., Bentleys for their Southern Saskatchewan League sextette.

Latest recruit is Jackie Bentley, 16-year-old son of Jack Bentley, eldest of the Delisle brothers.

Earlier Roy Bentley, former playing coach of Drumheller Miners in the Alberta senior loop, and last year coach of Trail Smoke Eaters, western junior finalists, and his son, Bev, a goalkeeper, were signed. Jack Bentley is a winger.

**Mystery Surrounds Canadiens' Lineup**

**Hockey Gossip**

Goalies are not lacking in Boston Bruins training camp at Quebec and four netminders may be seen during workouts. Besides Maurice Courteau of Quebec, who was rearguard for Boston Olympics last season, Jerry Foday of Regina, Harvey Benet of Oshawa and Jimmy Pinco of Halifax, are aspirants for the job.

Detroit Red Wings appear to have the cream of left-hand forwards this year with six of them working out in the pre-schedule training season. Quite a contrast to the situation in the Toronto Maple Leaf camp at Owen Sound, where there are reported to be but two, and to the New York Ranger lineup of four years ago, which did not include any "lefties."

Frank Mario, a rookie winger from Cornwall, Ont., and one-time goal-getter in the Saskatchewan senior loop, arrived at Quebec Wednesday and reported to manager Art Ross of Boston Bruins.

Manager Lester Patrick of Rangers plans using Laurel Harney, his new playing-coach of Rovers, Rangers farm team, with Rangers if Ken McCauley of Edmonton is injured. Harney played last year with the V.M.D. in Victoria.

Paul Thompson, Chicago Black Hawks boss, states his defence will be better than last year, but his forwards will be weaker.

Bryan Hextall, Ranger winger, may be nailed to his farm by Selective Service Regulations. Doug Bentley, star from Delisle, Sask., can't play hockey because of the ruling.

Sweeney Schriner of Calgary, who in 1943 announced his retirement from hockey, is back in the fold at Toronto Maple Leafs' camp at Owen Sound. He weighed in at 188. He admits the N.H.L. brand was much improved over the slam-bang style he criticized on retirement. "It's a new game that's a lot tougher on older players than anything I've gone through in a long time. You have to readjust yourself to an entirely new style of checking."

Frank McCool, another Calgaryite in the Leaf training camp, continues to show well as goalie for the Toronto squad. He, Pat Boehmer of Kitchener and Leo Sargent of St. Catharines are vying for the job.

**RED WINGS WIN**  
DETROIT (AP)—Detroit Red Wings of the National Hockey League slammed out a 6 to 3

MONTREAL (CP)—Hockey fans here are waiting—somewhat impatiently—for someone to come along and sweep away the haze of mystery that obscures the immediate future of Montreal Canadiens. About all that is known is that the Habitués are scheduled to open the National Hockey League season Oct. 28 against Boston Bruins but beyond that point the mystery deepens.

No contracts have been announced and an even greater mystery surrounds the military status of each of the players.

Bill Durnan's draft status is in doubt and until his contract is submitted to N.H.L. authorities for approval, it will not be known whether the Vedina Trophy holder will be able to guard the nets for the Canadiens this season. Meanwhile, Paul Bibeault, who was loaned to Toronto Maple Leafs last year after his discharge from the Canadian army, is being groomed by the Canadiens for the new season. At the same time, Gerry McNeil of Quebec is doing yeoman work as practice goalie.

**GOOD DEFENCE MATERIAL**  
Leo Lamoureux, Butch Bouchard, Glen Harmon and Mike McMahon who formed the Habitués' rugged defence last season with a number of other defencemen are in the Canucks' camp, including Wilf Fields, formerly with New York Americans, Butch Stahan, Frankie Edolls, Ray Leduc and Larry Reardon.

In the forward area are many familiar faces, including Toe Blake, Elmer Lach and Maurice Richard and Buddy O'Connor, Ray Gelliffe, Murphy Chamberlain, Dutch Hiller, Fernand Gauthier, Tony Demers, Bob Filion and Lude Check.

The Canadiens' rookie string may include Roland Rossignol, Jimmy O'Connor, Gerry Plamondon, Tod Campeau, Gino Rossini, Ambrose Leduc, and Armand Gaudreault, all of whom were members of senior and junior amateur teams in Quebec province last year.

**Jack Powell Dies**  
CHICAGO (AP)—Jack Powell, 74, who started his baseball career with Cleveland in 1897 and was one of the American League's leading pitchers of 40 years ago, died here Tuesday.

Powell served 17 years in both the old National and the American Leagues. He won 248 games and lost 258. In 1902 he won 22 games for St. Louis Browns and in 1904 he triumphed in 23 games for New York Yankees.

exhibition triumph over the American League's Indianapolis Capitols Wednesday night before a crowd of 2,069.

Joe Carveth paced the Wings with two goals and an assist. Tony Bukovich of Indianapolis goal and an assist.

## 2-Year Term Given To Top Commissioner

Topping the poll in Victoria's police commission election this year will assume importance it may never have again. The leader this year will secure a two-year term. The runner-up will be elected for one year only.

To preserve continuity on the board the elective system ordin-

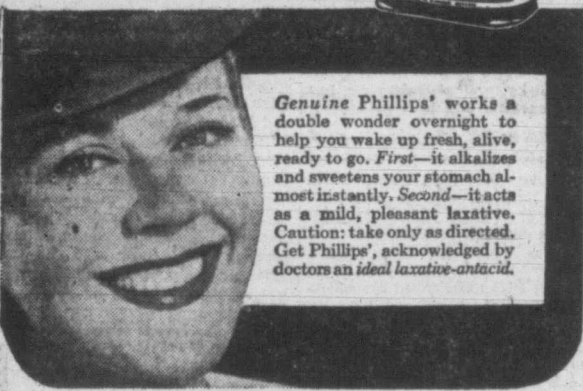

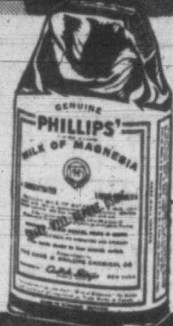

arily places any candidate only in office at a time, but gives him or her a two-year term. Consequently one commissioner must invariably carry over under that plan.

In view of the fact the elective system has not been practiced for years, there is no extended term in operation now. Consequently two commissioners will be elected in December. The one receiving the highest vote will get the longer term.

It's only HUMAN...

to worry. And worry like overindulgence in smoking, eating, drinking leads to excess stomach acidity causing restless nights, heartburn, gas and stomach distress...

but it's SMART to take PHILLIPS' MILK OF MAGNESIA Liquid or Tablets

Genuine Phillips' works a double wonder overnight to help you wake up fresh, alive, ready to go. First—it alkalizes and sweetens your stomach almost instantly. Second—it acts as a mild, pleasant laxative. Caution: take only as directed. Get Phillips', acknowledged by doctors as ideal laxative-antacid.

# CANADA—WORLD POWER

## War-Born Shipbuilding and Aviation Industries Equip Dominion for Trans-Oceanic Commerce

By S. BURTON HEATH (Last of Three Articles)

OTTAWA — Twice as many oceanic ships are operating under the Canadian flag now as there were when the war began. And unlike the gigantic cargo fleet that has been built up by the United States, most of Canada's vessels are considered suitable for postwar use.

Starting from scratch—the Dominion had not built on ocean-going craft between the two World Wars—Canadian shipyards already have launched 301 ten thousand-ton merchantmen and have delivered 285. When all orders are filled, 333 such vessels will have been delivered, plus 43 4,700-ton cargo ships.

Of the larger vessels 91 (minus whatever may have been sunk by U-boats) are flying the Dominion's flag already, and 102 remain Canadian-owned though they are being operated by the British.

At the beginning of the war there were only 39 ocean-going ships under Canadian registry—less than half the present number and less than a fifth of the number to which the Dominion has retained title.

### POSTWAR ASSET

In general, these are of the same size, speed and general description as the Liberty ships that have been reproduced wholesale in the United States. They are somewhat better built, perhaps. But the reason they are considered a postwar asset, while American Liberties are not, is that Canada exports so large a proportion of bulk goods—grain, ore, wood and its products—which can be handled about as well in slow, old fashioned ships as in fast modern ones.

On the other hand, Canada's passenger fleet is just about nonexistent today. The Canadian Pacific line, best-known operator, had only two passenger liners under Canadian flag registry before the war, the Empresses of Asia and Russia. The C.P.'s 16 coastal passenger craft and six of its oceanic-vessels were British-built and some are British-registered.

The Canadian National government agency, had six coastal ships running between Vancouver

R.C.A.F. wings over Montreal.

Gray convoys steaming from the east Canadian port... herald a new role for Canada in the postwar world of commerce.

and Alaska, and as many operating to the West Indies.

All of these have been hit hard by the Nazis. Exact figures are security secrets, but it is on record that all but two of the C.P.R.'s passenger ships have been sunk. The Dominion's enormous Great Lake tonnage has been depleted by shifts to ocean use and subsequent submarine losses.

Postwar aviation plans are well in hand, utterly unlike the uncertainty in the United States. This may be because the government through its Trans-Canada line, will control all trunk-line internal routes and all international lines.

Trans-Canada already is operating efficiently between St. John's, N.F., and Victoria, B.C., by way of Sydney, N.S.; Moncton, N.B.; Montreal, Regina, Lethbridge and Vancouver. There are links with Windsor, across from Detroit, and with New York from Toronto.

From Lethbridge, Alta., a connection to Edmonton links with a run to Alaska, which this fall

will be tied to Winnipeg via Saskatoon. As soon as possible the link between Winnipeg and Toronto will be completed, giving a direct line from New York to Alaska.

### ROUTE FROM VICTORIA

From St. John's the government plans a trans-Atlantic line to Great Britain; from Victoria a trans-Pacific line to Australia, and from Edmonton, by way of Alaska, a trans-Bering connection with Russia.

The last must depend, of course, upon adoption of an international policy governing the operation of air lines over intermediate countries, since Alaska is American territory. But nobody up here doubts that the U.S. and Canada can work out a satisfactory solution.

Already the Department of Munitions and Supply has decided to have 50 Douglas DC-4's manufactured for Trans-Canada by Canadian Vickers, which now is making amphibian Catalinas in its 750,000-square foot plant in Montreal.

### Robin Wood On Air

Robin Wood, brilliant young Victoria pianist, will be heard tonight on the U.B.C. Music hour over CJOJ at 10.15. He will play a Chopin group which will include a Waltz, the Prelude in C minor and the Scherzo in B minor.

Hip and height measurements have been found to be the most accurate in determining children's garment sizes.

HE'S IN NAVY NOW—George Philip Weyerhaeuser, victim in an internationally famous kidnapping case at Tacoma in 1935, in which he was held for \$200,000 ransom, is shown as he was inducted into the U.S. navy this week.

### Bellingham Members Attend Initiation

Twenty-eight members of the Ladies' Auxiliary to F.O.E. Aerie No. 31, from Bellingham were guests of Victoria's Ladies' Auxiliary Tuesday. The party included the drill team and officers who officiated at the initiation of 13 Victoria members and one from Bellingham which took place in the evening.

The visitors were entertained at dinner at Terry's prior to the meeting and were all presented with corsage bouquets.

During the meeting Mrs. Eva Oliver sang and Mrs. James Bellingham degree team captain, presented Mrs. Thelma Simmons, Victoria president, with a bouquet. Mrs. W. Spaven presented the guests with souvenirs.

Mrs. Ivy Balnes, convener of Christmas parcels, reported 22 pairs of socks on hand, and 38 parcels mailed overseas. Mrs. Charlotte Yeamans resigned as chaplain, and Mrs. Eleanor Thomas was appointed in her place.

A big American limestone grinding mill, obtained under lease, is operating in England turning out limestone and chalk for British farmers' fields at the rate of 20,000 tons a year.

## Labor, Eagles Back Arena Finance Plan

The proposal to donate funds equivalent to one month's light bill, saved by Greater Victoria citizens by the current no-bill period, was endorsed by the Victoria and District Trades and Labor Council Wednesday night.

Action was taken after George Wilkinson, secretary, had emphasized the point success of the area campaign depended largely on public support through dona-

tions and approval of the money by-law to be submitted to property owners in December.

The council was unanimously behind the donation plan and advocated similar action by all unions which are affiliated.

The scheme also won the support of the Fraternal Order of Eagles which vouched further assistance by offering use of a room in their club quarters for collection of contributions.

### KNOCKOUT FOR OMA

BALTIMORE (AP)—Lee Oma, Detroit heavyweight, won a ninth-round technical knockout over

ZURITA KAYOES SPOLDI SAN ANTONIO, Texas (AP)—After flooring his opponent for a nine count in the fourth round, Juan Zurita, 138½, of Mexico City, and N.B.A. world light-weight boxing champion, knocked out Aldo Spoldi, 136½, of New York, in 1:17 of the same stanza with a hard right to the jaw here Tuesday night.

Al Blake of Baltimore Monday night and headed for a return bout with Tami Mauriello at Madison Square Garden in New York Nov. 3. Oma weighed 191 pounds, Blake 203½.

## OXO COOKING CALENDAR

### POTATO SOUP (SERVES 6)

- 2 cups milk
- 3 slices onion
- 2 cups potato stock or water
- 2 OXO Cubes or 2 teaspoons fluid OXO
- 2 cups hot mashed potatoes or diced cold potatoes
- 2 tablespoons fine-flavoured dripping
- 2 tablespoons flour
- 1 teaspoon salt
- 1/4 teaspoon pepper
- Chopped parsley

Soak milk and onion in the top of a double boiler; add stock or water and OXO, then potatoes. Melt dripping, blend in flour, then slowly stir in the hot soup mixture; return to double boiler and cook, stirring constantly, until smoothly thickened. Season with salt and pepper. Sprinkle servings with chopped parsley.

It's made with

### G. Cameron Named Assize Prosecutor

Gordon Cameron, Victoria barrister and solicitor, has been appointed prosecutor for the Fall Assize starting here Nov. 6, it was learned from the Attorney-General's department today.

With several weeks intervening before the opening of the court, the number of cases to be tried could not be determined.

### Norm Willis Class Prophet at U.B.C.

VANCOUVER (Special) — Norm Willis, son of Alderman and Mrs. Fred Willis of Victoria, is the class prophet for the graduating class of '44 at University of B.C. He was elected to the office when the class gathered to make plans for the celebrations next spring.

The university will confer honorary degrees on four ambassadors to Canada and on a distinguished Victoria soldier at the fall convocation next Wednesday. Maj.-Gen. G. R. Pearkes, V.C., commander-in-chief of Pacific Command, will be honored along with Hon. Ray Atherton, U.S. ambassador, Dr. Liu Shih Shun of China, Hon. Malcolm MacDonald of Great Britain, and Gregor I. Tounkin, ambassador to Russia.

Annual homecoming celebrations at U.B.C. will be held Oct. 28. This event is always well attended as graduates renew old acquaintances, meet new students and watch the development of their Alma Mater.

First session of the Mook Parliament was held Wednesday. In the elections the National Independents, led by James L. Wilson, won 18 seats. The C.C.F. hold 12 seats, the Liberals, 11, and the Progressive Conservatives 3. The National Independents will introduce a bill calling for a revision of the British North America Act, in pursuance of their policy of decentralizing government.

Lois C. Reid of Vancouver, fourth-year arts student and Students' Council women's affiliate representative, has been awarded the \$200 Rev. George Robert Pringle Memorial bursary at the University.

She will be formally given the award at the fall convocation at which President Norman A. M. Mackenzie will be installed.

Miss Reid won her award for academic ability, unselfish character and active leadership in university sport.

### 1,000 Big Bombers, 700 Fighters Hit Mainz, Mannheim

LONDON (CP-Reuters) — More than 1,000 U.S. heavy bombers, escorted by more than 700 fighters, today attacked military targets at Mainz and in the Ludwigshafen-Mannheim area of Germany.

Clouds covered the targets and bombing was done by means of instruments.

The Rhineland cities which the heaviest blasted today contain large railway marshalling yards and many industries important to the German war machine.

The daylight: blows followed attacks Wednesday night on communications targets at Hannover and Mannheim by small forces of R.A.F. Mosquitoes. Other unidentified targets in western Germany also were bombed by the night raiders.

Hannover is one of northwest Germany's most important industrial and rail centres, and Mannheim, on the Rhine, is a major supply point for the southern end of the Siegfried Line.

One bomber was lost.

A U.S. communiqué said today 10 heavy bombers and 23 fighters were lost Wednesday in attacks on the northwest German communications centres of Cologne and Kassel.

### Cornett Will Seek Hart Statement

VANCOUVER (CP) — Surprised at reports the provincial government will drop its plans for taking over the B.C. Electric Railway Company transportation facilities, Mayor J. W. Cornett said today he will ask Premier Hart for a statement on the matter.

"At our last meeting we definitely understood that the government was taking over all the company's facilities, lock, stock and barrel," Mayor Cornett said.

A special committee was named last winter of representatives of British Columbia municipalities that went on record as endorsing the government's plan for public ownership. The committee subsequently met with Premier Hart.

Possibility was foreseen that when it meets at Mayor Cornett's call it may decide to call for another general session of municipalities' representatives.

### Synod Seeks More Equality Of Wealth and Opportunity

Extreme inequality of wealth and possessions is contrary to the fundamental laws of Christ, and the resources of the earth and of invention and discovery should be used as God's gifts to the whole human race, present and future, and not for selfish exploitation, the Provincial Synod of the Ecclesiastical Province of British Columbia said today, in emphasizing that in any reconstruction of world affairs certain principles must be regarded as basic.

Canon W. Cooper of Vancouver moved, and Dean S. H. Elliott seconded the declaration, which was passed in the form of a resolution. The synod listed the principles as follows and said that the church's stand had been repeatedly emphasized:

1. That extreme inequality of wealth and possessions is contrary to the fundamental laws of Christ;
2. That every child, regardless of race or class or financial resources, is entitled to full opportunity of education up to the academic level for which the child is best fitted;
3. That family life is ordained by God, and each family should have the assurance of such security as to allow of the building up of a full and healthy home circle as God would have it be;
4. That each person's work, of whatever kind, should be regarded as a contribution towards the general good, for which no person should be denied the opportunity and its due reward;
5. That the resources of the earth and of invention and discovery should be used as God's gifts to the whole human race, present and future, and not for selfish exploitation.

"CELLS OF EVANGELISM"  
These basic principles we hereby repeat and send out in the name of Christ, the lover of all good life," the resolution said.

"To these ends we urge that all our parish clergy, with their laity, shall be encouraged to form active cells of evangelism, which shall make their impact, in the name of Christ, wherever possible on the lives of men in the rapidly developing life of the postwar world."

Canon Michael Coleman who

### Anglican Synod Holds Elections

Election to committees was held at the 10th session of the Anglican Provincial Synod held in Memorial Hall today.

Elected to the executive committee of the clergy were: Most Rev. Walter R. Adams, Metropolitan, Kootenay; Rt. Rev. Harold E. Sexton, Lord Bishop of British Columbia; Rt. Rev. St. Francis Heathcote, Lord Bishop of New Westminster; Rt. Rev. F. Stanford, Lord Bishop of Cariboo; Rt. Rev. W. A. Geddes, Lord Bishop of the Yukon; Dean S. H. Elliott, prolocutor; A. M. White, K.C., registrar; Canon H. P. Barrett, secretary; Archdeacon A. E. de L. Nunns, Archdeacon D. S. Catchpole, Dean Cecil Swanson, Rev. E. Pitt Griffiths and Rev. J. M. McCormick.

Elected to the laymen's committee were: W. G. Hamilton, W. W. MacCall, G. R. Tinker, H. C. Caldwell and G. S. Dawson. Mr. Hamilton, Canon James Thompson and R. M. Schum were elected to the finance committee.

On the canons' committees are: Bishops of B.C., Dean Elliott, Dean Swanson, Canon Barrett and chancellors of the dioceses who are members of Provincial Synod.

Elected to the religious education committee were: Archbishop Adams, Rev. H. T. Catchpole, Archdeacon Nunns, Archdeacon W. C. Western, Rev. L. A. C. Smith and Canon W. Cooper.

### Music Teachers Hear Of Postwar Plans

The Victoria Music Teachers' Association, at the Y.M.C.A. Wednesday heard an address on "The Ministering of Fine Arts," by Mrs. C. S. Beals.

The importance of a definite plan for the promotion of the arts in the postwar world was stressed. Mrs. Beals outlined the work that has already been done in Canada, toward this end.

"If Canada is going to compete with the other nations in the postwar world, she must develop her cultural life as well as other phases of national life," Mrs. Beals said.

The results of such promotion of art would have a lasting effect upon the people of Canada, as the trend would be from material to spiritual tendencies.

Mrs. D. L. Gilbert moved a vote of thanks to Mrs. Beals.

Two of the invited guests, Mrs. Hedden Gillespie, and Mr. Southernland, spoke briefly concerning their interest in the promotion of art.

### Wounded Victorians Due Home Saturday

Twenty-two army officers and ranks, 12 of them stretcher cases, will reach Vancouver Saturday ex the hospital ship Lady Nelson.

Victorians on the hospital train include Lieut. R. C. Hall, son of Capt. George Kidd, 1031 Wollaston Street, Esquimalt; Lieut. P. M. Fox, Victoria; Lieut. R. E. Turnbull, Comox, and Pte. N. M. Christie, Parksville.

### Coal Drop Continues, Dealers Not Worried

Vancouver Island September coal production, down 5,704 tons from August and 12,872 tons below the September, 1943, figure, virtually represents the total decline for the entire province for the month, according to figures released by the Department of Mines today.

The island figures show output for last month to be 48,322 against 61,194 in September last year and 54,026 last August.

The drop throughout B.C. this September in comparison to last amounts to 11,010 tons, the respective figures being 136,998 against last year's 148,008.

Provincial production for the year to date, however, remains well ahead of the corresponding period last year, output being 1,444,688 tons to the end of September against 1,355,385 for the first nine months of 1943.

Output from the Corbin colliery, recently closed, amounting to 138,441 tons from January, accounted for the overall gain in production this year over last.

The island's chief producers, Comox Colliery and No. 10, South Wellington, showed totals of 25,337 and 21,460, respectively, against 26,082 and 22,344 in September last year.

The drop in production on Vancouver Island caused no great concern in Victoria retail coal circles, according to a spokesman for the trade. Chief source of worry in the business lay in labor shortage and difficulties of putting existing supplies in the basements of Victoria householders, he said. Alberta coal is moving in fair volume to this area, he added.

Rev. S. Kinley of Alyansh, B.C., in the Diocese of Caledonia, moved a resolution stating that the present system of education among the Indians was inadequate for this generation and urged that opportunities for higher education and technical training be made available to them. The resolution was passed.

Rev. J. E. W. Phelps of Lytton, B.C., spoke briefly on the Indian question.

Rt. Rev. W. A. Geddes, Lord Bishop of the Yukon, moved a vote of thanks from Synod to Canon Coleman for his sermon at the Tuesday night service in the Cathedral.

Archbishop M. M. Harding, formerly of Rupertland, now retired, addressed the Synod and stressed the important place the provincial Synod held.

### Mercury Touched 76 In Sun This Morning

Warm October weather continued in Victoria today as the noon temperature reached 59 degrees, which was one degree lower than Wednesday's. Weather forecast from Gonzales reports fair, with not much change in temperature for today and Friday.

At 10:30 this morning, Aaronson's Drug Store, 1056 Fort Street, reported the temperature in the sun as 76 degrees. The sunshine for the last four days was 37 hours, which is above average. Wednesday's temperature, 65 degrees, was the highest point recorded for any October 18 since 1895, when the thermometer reached 70 degrees.

### 7 Hurt in Crash

SEVEN persons were injured, two seriously Wednesday night when passenger train No. 1, Canadian National Railways, ran into an open switch at Nakina, Ont., and plowed head-on into an eastbound freight.

The two most seriously injured were taken to the hospital at Nakina, 52 miles from here. Names of the injured were not known here.

Reports received here said the collision occurred in the yards, a short distance east of the town.

### Veterans' Orphans To Get Allowance

OTTAWA (CP) — Veterans' Affairs Minister Mackenzie announced today that allowances have been authorized for the orphaned children of Canadian veterans even though the deaths of their parents were not attributed to war service.

Amendments have been made to the War Veterans Allowance Act to deal with cases of hardship among veterans' children who have lost both parents. Boys up to 16 and girls up to 17 will be eligible for allowances up to \$360 a year for one child, \$349 for two children and \$730 for more than two children.

The order-in-council has been made effective as from Sept. 1, 1944, and applications now may be submitted to the nearest district office of the Veterans' Affairs Department.

City Hall and the municipal hall at Oak Bay will be open until 9 tonight for distribution of ration books.

Specially designed refrigerator push carts are used in selling fresh fish on the streets in Chile; they contain a refrigerator with a capacity of 100 pounds of fresh fish, water tank, cleaning space, and a stove with a fuel tank for frying.

### Wounded Victorians Due Home Saturday

Twenty-two army officers and ranks, 12 of them stretcher cases, will reach Vancouver Saturday ex the hospital ship Lady Nelson.

Victorians on the hospital train include Lieut. R. C. Hall, son of Capt. George Kidd, 1031 Wollaston Street, Esquimalt; Lieut. P. M. Fox, Victoria; Lieut. R. E. Turnbull, Comox, and Pte. N. M. Christie, Parksville.

### Coal Drop Continues, Dealers Not Worried

Vancouver Island September coal production, down 5,704 tons from August and 12,872 tons below the September, 1943, figure, virtually represents the total decline for the entire province for the month, according to figures released by the Department of Mines today.

The island figures show output for last month to be 48,322 against 61,194 in September last year and 54,026 last August.

The drop throughout B.C. this September in comparison to last amounts to 11,010 tons, the respective figures being 136,998 against last year's 148,008.

Provincial production for the year to date, however, remains well ahead of the corresponding period last year, output being 1,444,688 tons to the end of September against 1,355,385 for the first nine months of 1943.

Output from the Corbin colliery, recently closed, amounting to 138,441 tons from January, accounted for the overall gain in production this year over last.

The island's chief producers, Comox Colliery and No. 10, South Wellington, showed totals of 25,337 and 21,460, respectively, against 26,082 and 22,344 in September last year.

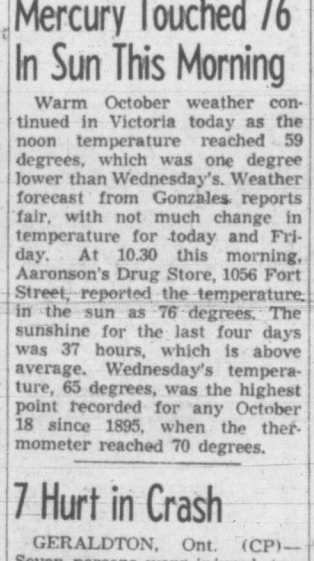

The drop in production on Vancouver Island caused no great concern in Victoria retail coal circles, according to a spokesman for the trade. Chief source of worry in the business lay in labor shortage and difficulties of putting existing supplies in the basements of Victoria householders, he said. Alberta coal is moving in fair volume to this area, he added.

Rev. S. Kinley of Alyansh, B.C., in the Diocese of Caledonia, moved a resolution stating that the present system of education among the Indians was inadequate for this generation and urged that opportunities for higher education and technical training be made available to them. The resolution was passed.

Rev. J. E. W. Phelps of Lytton, B.C., spoke briefly on the Indian question.

Rt. Rev. W. A. Geddes, Lord Bishop of the Yukon, moved a vote of thanks from Synod to Canon Coleman for his sermon at the Tuesday night service in the Cathedral.

Archbishop M. M. Harding, formerly of Rupertland, now retired, addressed the Synod and stressed the important place the provincial Synod held.

limited (incorporated in Canada) regis-  
tered in the name of Clarence Cunningham  
and limited, of the office Court House, British  
Street, Victoria, B.C., on Saturday, Oc-  
tober 21st, 1944, at the hour of 10.30 of  
the forenoon.

Terms of sale, cash

D. Macdonald, Sheriff.

Sheriff's Office, Victoria, B.C., October  
21st, 1944.

## Where To Go Tonight

(As Advertised)

ATLAS—Walt Disney's  
Snow White and the  
Seven Dwarfs.

CADET—"Sweet Rosie  
O'Grady," starring Betty  
Grable.

CAPITOL—Irene Dunne in  
"The White Cliffs of  
Dover."

DOMINION—"Cross of Lor-  
raine," starring Jean Pierre  
Aumont.

OAK BAY AND PLAZA—Lon  
Chaney in "Weird Woman."

RIO—"Bar 20," starring Bill  
Boyd.

YORK—"Thousands Cheer,"  
starring Kathryn Grayson.

## 'Take It, Leave It' Radio Hit Filmed

The favorite program of mil-  
lions—the riotous radio quiz  
show with the "64-question"—  
now comes to the screen with  
Phil Baker, the famed quiz-  
master himself, featured in 20th  
Century-Fox's entertainment  
jacket, "Take It Or Leave It."

The extravaganza of mirth,  
melody, dance and song opens  
tomorrow at the Dominion  
Theatre, with Phil Silvers, Ed-  
ward Ryan, Marjorie Massow  
and Stanley Prager also featured.

The sparkling screen play for  
"Take It Or Leave It" is the com-  
bined efforts of Hollywood's ace  
scriptwriters Harold Buchman,  
Snag Werris and Mac Benoit.

## 'Bar 20' Western Showing at Rio

Bill Boyd, Hopalong Cassidy in  
the western adventure series, the  
latest of which, "Bar 20," is now  
at the Rio Theatre through  
United Artists release, advocates  
some form of outdoor exercise  
for everyone, especially in war-  
time. He feels that today each  
person has the responsibility of  
keeping healthy. Bill's advice is  
to eat nutritious food and exer-  
cise frequently. His preference  
in the outdoor life runs to hunt-  
ing, fishing and riding.

## Anne Gwynne Plays First Thrill Film

Red-headed Anne Gwynne,  
Universal's down-to-earth pin-up  
girl from Waco, Texas, is head-  
lined with Lon Chaney and  
Evelyn Ankers in her first murder  
mystery drama, "Weird  
Women," now at the Oak Bay  
and Plaza theatres.

The thriller film plot is based  
upon man's emotional fears and  
his resulting susceptibility to  
superstition.

However, the lovely Anne is  
not the superstitious type. She  
doesn't go for that palaver about  
walking under ladders, avoiding  
black cats, picking up pins or  
tripping over sleeping dogs.

Not Anne Gwynne.  
She shuns 'em all... except  
she believes it is unlucky for the  
studio not to pick up her option.

In four years at Universal, the  
copper-haired Miss Gwynne has  
failed to be that "unlucky."

## CAPITOL THEATRE

In Metro-Goldwyn-Mayer's  
"The White Cliffs of Dover,"  
starring Irene Dunne with Alan  
Marshall now at the Capitol  
Theatre, numerous military uni-  
forms of both World War I and  
the present global conflict are  
seen.

The studio's wardrobe depart-  
ment made up uniforms of the  
British Fusilier's, American in-  
fantry of 1917, British Expedi-  
tionary Force's field garb of 1914;  
U.S. Rangers, 1942 style, modern  
Commando battle dress, and the  
WRENS, Women's Royal Naval  
Service.

Under the supervision of the  
studio's research department,  
technical adviser Major Ramsay-  
Hill.

## YORK THEATRE

M-G-M's musical melee of  
gaiety, color and stars, "Thou-  
sands Cheer," which is currently  
at the York Theatre, brings to the  
screen a heart-warming story of  
a private who falls in love with  
the colonel's daughter and feels  
his rank does not qualify him to  
play the part. The lover in ques-  
tion is Gene Kelly, and his heart  
throb is Kathryn Grayson.

## Betty Evans Sings To High Students

Betty Evans, 17, a former student of Victoria High, returned to her Alma Mater Wednesday to sing for the students in assembly. She is a dramatic soprano, has been offered a movie contract, and is to leave shortly for Los Angeles, where she is to study with Galli Curci. She was an active member in the concert troupe at high school.

Malcolm McDonald, president of the concert troupe, introduced Betty, who was accompanied by Lorraine Cornish. Her songs were: "Morning," "Romance," "When You're Away," and "Smiling Through." She received the biggest ovation ever to be given a visiting artist to Victoria High.

The Students' Council Association took over the assembly with the president, Gordon Hunter, presiding. Velma McLorie, social convener, introduced the grade 10 representatives as follows: Rodney Nixon, Marilyn Laugh, Don Smyth, Ron Castner, Jim Ireland, Tom Joyce, Jim Dry-bourgh, Ronald Joe, Marjorie Sears, Lloyd McBratney, and Joyce Bradshaw. Loraine McDonald, girls' captain of House III, reported on the girls' after-school sports. A similar report

was made by Frank Gower, boys' captain of House II, in connection with the boys' sports.

A rep meeting was held Wednesday. Richie Martin acted as master of ceremonies. School songs were sung, and cheers led by the cheer-leaders, Shirley Howard, Sheila Gallagher and Patsy Schofield. A skit, "Crowded Hotels," proved humorous. Sylvia Abbott sang two songs, and the drum majorettes gave a display.

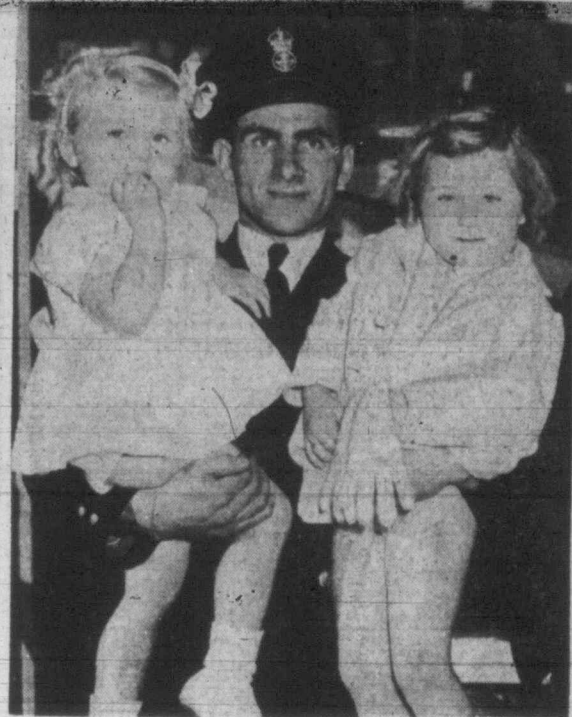

## Victoria Boeing Men At Vancouver Meeting

George Knight, chief shop steward, and John Gort, financial secretary of the Victoria Branch, Lodge 756, Aeronautical Workers, will attend a meeting in Vancouver tonight to discuss position of Victoria Boeing workers with a view to assisting reorganization, Patrick Strachan, Victoria branch head, said today.

The two union officials left Wednesday night for the mainland.

"They are completing arrangements now underway," Mr. Strachan said. "We have an agreement embodying seniority rights and have had no trouble here."

Details by which transfer of senior personnel and war veterans from Victoria to Vancouver are being worked out, Mr. Strachan said.

Darlain, 5, and Jacqueline, 3, put their arms around daddy's neck as St. PO. Harry Dovey comes back from sea.

A.B. James O'Neill welcomed by parents, Mr. and Mrs. A. H. O'Neill, and his aunt, Mrs. M. Brown.

Victoria men of the Canadian-manned British baby-flat-top carrier Nabob arrived here Wednesday afternoon, delighted to be home for rest after a spell of strenuous service in war areas, including action off the Norwegian coast.

The navy boys had seen a lot of real action. But in the traditional navy way, they had nothing to say about that.

But the boys, back home on 28 days' furlough, were feeling fine and there were enthusiastic greetings when they walked into the arms of wives, mothers, sweethearts.

Also among the hundreds of passengers who streamed ashore from the steamer were men of the Restigouche and Ottawa, fresh from scraps with enemy ships overseas.

The Red Cross-Canadian Legion reception booth at the wharf had a busy afternoon. Relatives of the returning navy lads were taken care of, given refreshments and escorted to the head of the gangway so that they would be the first to meet their loved ones.

One of the first of the Nabob's boys to come ashore was CPO. Robert Sprinkling, whose parents, Mr. and Mrs. D. F. Sprinkling, 993 Southgate Street, and their two daughters, Joy and Anne, joyfully greeted him. Robert's third sister, Muriel, met him in Vancouver, and remained there visiting friends.

St. PO. Roy MacDonald, former head bellman at the Empress Hotel, looked bronzed after five years with the navy. His wife, Phoebe, came over from Vancouver with him. His father and mother, Mr. and Mrs. J. E. MacDonald, 720 Wilson Street, and his sisters, Mrs. Gerald Fagan and Mrs. Rosella Taylor, were eager and excited.

PO. Robert Lenson, 2421 Foul Bay Road, had a wonderful meeting with his wife, Helen, and two-year-old son, Ronald. He was met here by his mother, Mrs. E. E. Lenson, 1074 Chamberlain Street, and his brother, Arthur.

PO. Lenson and his wife make their home at 2421 Foul Bay Road.

St. PO. Harry Dovey, whose home address is at 1900 Belmont Avenue, was greeted by his wife, Sheila, and their two little daughters, Darlain and Jacqueline. His mother, Mrs. J. Dovey, lives at 1439 Walnut Street.

Dovey has had some exciting service afloat. He was a member of the crew of H.M.C.S. Ville de Quebec when she sank an enemy submarine in the Mediterranean in May, 1943.

A.B. James O'Neill was welcomed by his parents, Mr. and Mrs. A. H. O'Neill and his aunt, Mrs. M. Brown.

CPO. Fred Barrett, son of Mrs. S. A. Barrett, 238 Michigan Street, remained in Vancouver with his wife and their two children, Linda and Judith Ann. He is expected home this week.

A.B. Bod Redgrave, son of Mr.

St. PO. Roy MacDonald has changed from his Empress Hotel days. Here he is with his wife, Phoebe.

Two-year-old Ronnie is happy now that his dad is back home. St. PO. Bob Leason, wife Helen, and baby son.

Smiles for CPO. Bob Sprinkling as he is greeted at wharf by his father and mother and two sisters, Joy, 18, and Anne, 8.

**TELLS OF DOMINION'S LABOR LEGISLATION**—Speaking before nearly 500 trade unionists representing 250,000 workers of the Canadian Congress of Labor at the opening of its annual convention in Quebec City, Hon. Humphrey Mitchell, Minister of Labor, dealt with the record of the Dominion Government in connection with labor legislation during the war. His speech was well received by the delegates assembled in the Convention Hall of the Chateau. Appearing on the platform with Mr. Mitchell were, front row, left to right: Hon. Antonio Barrette, Minister of Labor in the Quebec Government; Hon. Louis St. Laurent, Dominion Minister of Justice; Mayor Lucien Borne of Quebec City, Quebec Prime Minister Maurice Duplessis, Ernest Bolduc of the Quebec City Labor Council, Georges Pelletier, president of the Quebec City Labor Council; Canadian Congress of Labor President A. R. Mosher.

## Premier Hart Silent On B.C.E.R. Story

A Vancouver Sun news story stating the provincial government is "likely to drop all plans for taking over" transportation services of the B.C. Electric Railway Company brought no comment from Premier John Hart today.

The premier's office termed the Vancouver item purely a speculative story and noted the Premier had made no B.C. Electric statement in Vancouver or here. No statement was expected, that source said.

The Vancouver item indicated announcement of the company's proposed \$50,000,000 postwar program and specific reference in it to the transportation system in Victoria would materially alter government planning for the acquisition of company holdings.

majority of workers and truck drivers are concerned.

In this period approximately 10,000,000 tons of salvage has been collected, of which paper has been the largest amount. The work and organization of the depot has received high praise from other salvage groups all across the country. Many, who started operations since 1941, have patterned their organization on that of Victoria.

Funds from the salvage collection have been used to keep the British Bundles organization going, as well as the magazine service and the Welcome Club.

The Welcome Club, Mr. Pease reported, is now endeavoring to meet the needs for hobbies and recreation for invalided airmen at the Colwood Convalescent Home, as well as its other work in aiding servicemen in Victoria with information.

## Collect 10,000,000 Tons Salvage in Three Years

In a report to workers of the Salvage Corps, A. H. Pease, manager, states that since starting salvage operations in 1941 with no capital, no trucks and no depot, the business has been conducted on a voluntary basis as far as the management and the

## Archbishop Urges Allies to Punish War Criminals

ATHENS, (CP-Reuters) — The Archbishop of Greece, Dr. Damascinos, said Wednesday Nazi destruction in the south and Bulgarian ravages in the north had almost killed Greece and "if the Bulgarians are not punished for their crimes I will declare publicly that there is no justice on this earth."

The archbishop, prematurely aged and almost broken in health, who is celebrating his 54th birthday today, told the story of a massacre at the village of Karavita where 80 Germans had been killed, and the Germans decided to destroy the entire population of the village.

"The Germans gathered every man, woman and child (about 1,000) into the village square. There they told all males of more than 14 to kneel down."

"The women and children were removed to a school building opposite, from where they could see all that went on. The men were then machinegunned where they knelt and the school building was set on fire."

"For about 10 minutes babies could be seen falling from windows as their mothers threw them out in an effort to spare them being burnt."

"Eventually a German officer, who himself could not stand the horrible scene any longer, rushed up and broke open the doors. It was too late. Very few women escaped."

The atrocities committed by Bulgarians in Macedonia and Thrace were even worse, the archbishop continued. There more than 50,000 Greeks were massacred. An attempt was made so to reduce the Greek population that the Bulgarians would no longer be in the minority, he said.

Clothing consisting of women's coats, suits, dresses, slips, housecoats, gloves and other wearing apparel to the value of approximately \$5,000 were stolen.

George Paradis, 58, was sentenced to one year at hard labor; Roy Swan, 41, one year hard labor; Margaret Minton, 41, three months' hard labor; and Irene Morrison, 38, six months' hard labor.

Twenty-two army officers and ranks, 12 of them stretcher cases, are due to arrive in Vancouver Monday after being brought to Canada on the hospital ship, Lady Nelson, the army announced.

Stretcher cases include: Lieut. P. M. Fox, and Cpl. G. P. Kidd, Victoria; Lieut. R. E. Turnbull, Comox; and Sgt. W. J. Robinson, Yonbou.

LOS ANGELES (AP)—Court Haugwitz - Reventlow, former Danish count, filed notice in superior court today he will move to quash an action by Barbara Hutton Grant, wife of movie actor Cary Grant, to obtain custody of eight-year-old Lance Haugwitz-Reventlow.

In his answer to his former wife's suit, Taugwitz-Reventlow denied he took their son to Canada last June either to get more money from her or to evade her suit for his custody. He said he would demand her action be quashed on the ground he had established a residence in Brookline, Mass., outside the jurisdiction of the California courts.

He added he believed his son could get the best education in New England and he feared Mrs. Grant would take the boy to live in Spain at the end of the war.

LOS ANGELES (AP)—Jack Kaufman, Montreal, Wednesday pleaded guilty before Judge T. A. Fontaine to a charge of possessing 62,000 counterfeit gasoline ration coupons. He will be sentenced Nov. 2.

BRITAIN (CP-Reuters) — Britain has arranged to buy the whole exportable surplus of sugar from Australia, South Africa, the British West Indies, British Guiana, San Domingo and Haiti up to the end of 1946. Col. J. L. Llewellyn, Minister of Food, announced in the House of Commons.

Two armed 14-year-old boys who ran away from home Tuesday because they were "in trouble with the police" were in custody today awaiting juvenile court hearing of four burglary charges. Police said the juveniles had led them to a \$400 cache of goods. When apprehended the boys carried two sawed-off .22 calibre rifles, police said.

Plans for the military government of Germany until such a time as organized resistance ceased have been completed and already have been entered in those towns in Allied hands.

The laws and regulations formulated by the British and U.S. armies also will be applied by the French. It will be punishable for a German even to invite an Allied soldier into an out-of-bounds zone.

Behind the high cliff pictured above is a tremendous cave, in which Chinese have installed one of their largest munitions plants, equipped with all necessary machinery. Completely protected from enemy air attack, it produces anti-tank guns, heavy and light mortars and shells for the use of Chinese armies.

## Uncle Ray

ANCIENT GREEKS HAD NO JIVE BANDS OR SYMPHONY ORCHESTRAS

If we look back at the music of the ancient Greeks, we find that it was different from ours in many ways. No pianos existed in Greece, and neither were there violins, trombones or saxophones.

No "jazz" or "jive" bands had been formed. The Greek taste for good music would hardly have favored such bands, and even if they had wanted to have them, the instruments needed were unknown.

The most important Greek instrument was the lyre. This had strings which were fixed in a hollow framework. The frame served as a sounding board.

Some lyres had three strings, but more often the number was four, seven or 10. The strings were equal, or almost equal, in length. They differed in thickness, and it seems that certain of them were strung more tightly than others.

Holding a lyre with one hand, a Greek would thrum the strings with the other, while singing or reciting poetry. Usually he was seated while this was going on.

The Greeks spoke of Apollo as the god of music and poetry. When they made pictures of him, they often showed him holding a lyre.

Of the wind instruments, the flute was far more common than the trumpet. The Greek flute was like that of Egypt. It had two pipes. The player blew through a single mouthpiece, in the same position as the mouthpiece of a modern clarinet. The air, or "wind," went from the single mouthpiece through both pipes of the flute.

The harp seems to have been invented in Egypt. A form of it was used in ancient Greece, where it was played almost entirely by women. The Greek harp usually had from seven to 20 strings, and these differed in length, as do the strings in a harp of the present day.

The music of the ancient Greeks may have been sweet and pleasing, but it did not have the strength and richness of what we have today. Music from a symphony orchestra was a treat never enjoyed by the people of that time.

## Plans Now Complete

ALLIED SUPREME HEADQUARTERS, Paris (CP-Reuters) — Plans for the military government of Germany until such a time as organized resistance ceased have been completed and already have been entered in those towns in Allied hands.

The laws and regulations formulated by the British and U.S. armies also will be applied by the French. It will be punishable for a German even to invite an Allied soldier into an out-of-bounds zone.

## Chinese Make Cave a Munitions Plant

Behind the high cliff pictured above is a tremendous cave, in which Chinese have installed one of their largest munitions plants, equipped with all necessary machinery. Completely protected from enemy air attack, it produces anti-tank guns, heavy and light mortars and shells for the use of Chinese armies.

## One Woman's Day... Grain

By NANCY HODGES  
NATIONAL SERVICE

A SPEAKER at a local business men's club the other day propounded the theory that a course of military training should be a "must" in every Canadian boy's education after the war.

The idea is a challenging one, not only because it was broached in Victoria, but because it is being promulgated in many other parts of the democratic world.

Curiously enough, it is one of the subjects receiving support in the discussion groups which are an integral part of the educational program in the British forces.

Incidentally, Dr. E. A. Corbett, director of the Canadian Adult Education Association, who was in this city the other day, paid tribute to the effectiveness of that British program.

There, men and women in the forces receive every encouragement to study and discuss affairs of the day.

CONSCRIPTION TOPIC  
AS AN EXAMPLE of the pattern of their thinking, conscription is one of the most heatedly debated topics.

Not in relation to the present conflict, but as a measure of protection against future wars.

A group of naval men and "Wrens" met in the WRNS reading room at the Royal Naval Barracks, Devonport, a few weeks ago.

Their subject was: "Should young people be liable to a period of national service—civilian or military—in peacetime?"

To me, it is enlightening that the overwhelming view of that group was that they wanted compulsory service to continue after the war.

Why enlightening? Because all of those servicemen and women are conscripts, Britain having chosen that method of raising her forces to fight this war.

And their ready acceptance of it and their desire to see the system continued speaks volumes for their belief in its value.

VARYING VIEWS  
AS ONE WOULD expect, however, there was a variance of opinion as to what form postwar national service should take.

As one petty officer put it: "There are those who urge that since we're fighting for freedom, any suggestion of compulsory service in peacetime is a betrayal of our ideals."

Another reminded the group that conscription didn't save France, and went on: "Unless our social fabric is sound, unless our government is healthy, no amount of conscription will do us any good."

A leading seaman said he was all in favor of conscription on military lines, but not for industry.

"I'd hate the government to decide what my boy went into," he told the group.

FROM A WOMAN'S ANGLE  
SURPRISINGLY enough, both men and women agreed that compulsory national service should apply to girls as well as boys.

And one Wren protested that it shouldn't be only for military training.

All of the women attested to the benefits they had received from the discipline and communal life afforded in the services.

While one Wren officer also saw a possibility of girls getting proper training in housewifery during such a postwar scheme of national service.

But an engineering artificer stood out firmly against it all the way through.

He was a rugged individualist and felt that the got-to-behere and must-do-this sort of compulsion didn't suit Englishmen.

ELIMINATES SELFISHNESS  
THEIR SUMMING UP emphasized the meaning of national service as not to be taken as simply a course of instruction in the art (?) of killing.

But rather as a method of making young people conscious of the aim and purpose of the nation in which they live, of the ideal animating the national life as a whole.

As the London Daily Mirror says in its editorial comment on the subject:

"A nation, like an individual, needs a creed. The great evil in the world today is selfishness and to work for its elimination is a noble ideal to any nation."

The antidote to selfishness is service, and therefore it would be a good thing if all through our national education that ideal could be inculcated, ending with a piece of training in which theory would be changed to practice."

LESSON FOR CANADA  
THAT TO MY MIND, is the crux of the whole question—the need for each and every one to accept their share of responsibility and their share of service—instead of leaving it all to George.

And it applies just as much to Canada as it does to Britain. Too many Canadians who are enjoying the privileges of life under our democracy refuse to accept the responsibilities of citizenship.

Too many are inherently selfish and don't know the meaning of the word service in any of its wide implications.

So perhaps a taste of compulsory national service might do some good in that direction.

At which I can hear a swelling chorus from those whose theme song still is: "I didn't raise my boy to be a soldier."

Which they will probably modernize by making the second line: "Nor my gal to be a Wren or even CWAC."

favor of conscription on military lines, but not for industry.

## Papers in Lead

MONTREAL (CP)—The grain exchange today on the stock exchange, with papers holding the lead among the groups boarded. All sections were irregular in trends.

Montreal Averages:  
30 Industrials 87.85, off 0.04  
10 Utilities 33.09, off 0.03  
15 Golds 77.86, off 0.19

CHICAGO (AP)—Grain futures markets turned extremely dull after some of their early losses were recovered in late trading today.

Some of the bullish interest in rye was checked by a commodity exchange order effective tomorrow and calling for reports on accounts having net position of 25,000 bushels or more in December rye. The previous reporting level was 200,000 bushels. Wheat held near the previous close.
